DIRIGIBLE CARRYING SIXTY ARRIVES IN EUROPE

MacLean Outlines Harbor Development Policy For City In Federal Contest

Former Premier of British Columbia Cheered to the Echo As He Receives Unanimous Nomination of Victoria Liberals to Contest Federal By-election December 6; Speakers Pay Glowing Tributes to His Record as an Administrator in British Columbia.

Cheered to the echo when his name was presented to the meeting and given another rousing reception when he made his speech of acceptance, Dr. J. D. MacLean became Liberal candidate for Victoria in the federal by-election December 6, at an enthusiastic meeting at the Chamber of Commerce auditorium last night.

No other name besides that of the former Premier of British Columbia was presented to the meeting and the ovation accorded Dr. MacLean was striking evidence of the popularity of the choice.

IN FIGHTING TRIM
In his speech of acceptance he remarked that although his health had suffered recently he was back in fighting trim and ready for the fray.

Development of Victoria through development of its harbor facilities was the keynote of his speech. He returned to the Dominion House of Commons, he said, he would bend his energy towards fostering the plans of the Victoria City Council and the Victoria Chamber of Commerce for the development of harbor facilities.

The Dominion of Canada might be divided into four sections, he proceeded, the Maritime, the central provinces of Ontario and Quebec mainly interested in manufacturing, the prairie provinces which comprised the great grain growing area of Canada and British Columbia. British Columbia's main interest, he believed, was in the development of trade. With Victoria the first and last port of call of the Pacific, harbor development became a live issue. He had discussed these subjects with federal ministers on many occasions and they had said they believed Canada could best be developed by an increase in trade and the development of harbor facilities.

Remembering that surely it was possible to develop more trade than had been developed for Victoria, Dr. MacLean gave an assurance that if he were returned to the Dominion House that matter should have his closest attention, and he had high hopes that the case could be so presented to Ottawa that the necessary expenditures would be made to make Victoria an important world port.

FIGHTING FOR VICTORIA

His previous political experience, he pointed out, had been as a member of the Government. At Ottawa he would be in a different position. Whereas in British Columbia he had the responsibility of administering the government, at Ottawa he would be in the interest of all parts of the Province, if he were successful in being returned to Ottawa.

MAN WOUNDED IN VANCOUVER DIES

A. E. Sommerton, Picked Up on Street, Succumbs; Unable to Tell Story

Vancouver, Oct. 31.—A. E. Sommerton, sixty, of Seventh Avenue West, Vancouver, who was found terribly injured at Second Avenue and Main Street early Sunday morning, died at the Vancouver General Hospital at 11 a.m. today without recovering consciousness, and with his death the police are left without any solution of the mystery of the manner in which he was hurt, or to the loss of some \$250 he was believed to have on his person when last seen.

Sommerton was picked up by Constables J. A. Reilly and R. A. Gibb, and was found to be suffering from fractures of the skull, one wrist, one leg and jaw, his injuries at first pointing to a hit-and-run autoist. Later, a more sinister aspect was placed on the case when it was found that man, who was employed as bookkeeper at the city incinerator, had about \$250 in his possession when he left home, although on arrival at the hospital it was missing.

TELEPHONE MESSAGES ARE REPEATED BY NEW DEVICE

London, Oct. 31.—According to The London Daily Express, a device has been invented which records sound and reproduces it immediately in full volume and with clarity and accuracy. A short test speech spoken into an ordinary microphone yesterday came back with startling distinctness one minute after it had been finished. It was recorded on a few inches of mag-

RESIGNS AS U.S. AMBASSADOR

A. B. HOUGHTON
Washington, Oct. 31.—President Coolidge accepted today the resignation of Alanson B. Houghton, United States Ambassador to Great Britain, now Republican nominee for United States Senator from New York.

SOLUTION IN POWER FIGHT FORESHADOWED

West Kootenay Company to End Tangle By Applying to Legislature

British Columbia's great interior water power struggle suddenly approached a peaceful settlement today, after the Government had grappled with it all morning, when the West Kootenay Power and Light Company indicated that it would ask the Legislature to legalize the sale of its electricity outside its present restricted area around Rossland.

This announcement, at the end of a two-hour hearing, was made by A. H. MacNeill, K.C., company counsel, who said he had advised his clients to take this important step. When pressed by F. A. McDiarmid, Grand Forks city counsel, for a definite promise that the proposed legislation would be introduced, Mr. MacNeill said he expected his recommendation would be followed. Lorne Campbell, agent of the company, said he would waive his principal in Montreal today and hoped to be able to assure the Government tomorrow that this step would be taken when the House opened.

Bank Clearings Make Steady Gain

Victoria bank clearings during the month ending today continued the steady climb upwards, which has characterized them since early last year, according to the figures issued by the Clearing House this afternoon.

The comparative monthly totals are:

October, 1928	\$12,304,532
October, 1927	11,871,245
October, 1926	9,879,866

The device can be attached to a telephone and the entire conversation heard again immediately after it is finished. The newspaper says the device is the simplest, cheapest and most practical system of sound reproduction ever invented. It is a development of an invention known to experimenters for thirty years.

PREMIER KING SENDS MACLEAN GREETINGS

"Your Return Will Be of Greatest Advantage to Government," He Says

Hon. J. H. King Also Anxious For Return of His Old Colleague

Congratulations on his nomination to contest the federal by-election in Victoria were extended today to Hon. J. D. MacLean, ex-Premier of British Columbia, by his many friends in Victoria and by telegram from many friends in other parts of the Province and the East.

A wire was received from Rt. Hon. W. L. Mackenzie King, Premier of Canada, early this morning. "I am delighted to learn that you have received and accepted the unanimous nomination of the Liberals of Victoria to contest the constituency in the approaching federal by-election," Premier King wired.

"Your presence in the House of Commons would be of the greatest advantage to the Government in every way, but especially in relation to all matters pertaining to the interests of the Province of British Columbia. I cannot, therefore, express too sincerely my hope that in the general interest, you may be returned as a federal member for Victoria."

FROM HON. J. H. KING

Vancouver, Oct. 31.—Complete satisfaction with the nomination of Dr. J. D. MacLean as Liberal candidate for the federal seat in Victoria was expressed by Hon. J. H. King, Minister of Pensions and National Health, who arrived from the capital this morning and will spend a day or two at Hotel Vancouver.

GREAT TEACHER WAS HOPE OF SOCIETY

VERDICT SOON AT PERJURY TRIAL

Jury at Casita Hearing in Vancouver Considering Its Decision

Vancouver, Oct. 31.—The jury at the trial of Frank Casita charged with perjury in the recent police inquiry in Vancouver, retired at 12:45 p.m. today to consider its verdict.

Mr. Justice Murphy adjourned court till 2:30 p.m. Vancouver, Oct. 31.—"We are not concerned with Mayor Taylor's administration of the city, except as it bears on his credibility," said Mr. Justice Murphy here today when charging the assize court jury in the case of Frank Casita, on trial on a charge of perjury. "It is not for the accused to show what he said was true," said the judge. "It is for the crown to show what he said was false."

There must be corroboration of Mayor Taylor's evidence, pointed out the judge.

The only corroboration was the testimony of J. Celona, and the jury must be satisfied that Celona corroborated the evidence of the Mayor to such an extent that he implicated the accused.

TO BE PROVED

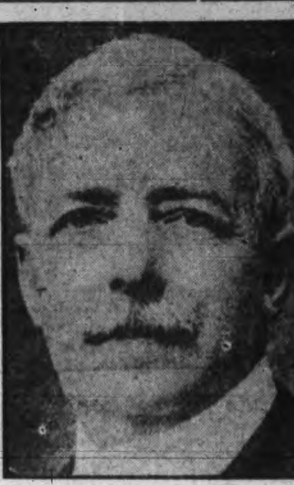

The prosecution had to prove Mayor Taylor was not "drunk paralyzed," as alleged by Casita in evidence at the recent police inquiry, and that Mayor Taylor had been in Celona's house

Ottawa Sues For \$300,000 in Taxes

Hamilton, Oct. 31.—A writ claiming \$300,000 has been issued on behalf of the Department of National Revenue against the Hamilton Brewing Association. Gallanage and sales taxes in beer, ale and root beer alleged to have been sold by the company from August, 1922, till April, 1927, are claimed. The case will be called at the non-jury assizes of the Ontario Supreme Court here, opening here November 9.

DEATH MOURNED IN UNITED STATES

LATE ROBERT LANSING

From June, 1915, till February, 1920, Robert Lansing, who died yesterday in Washington, was Secretary of State of the United States. He resigned on the request of President Wilson, who objected to his calling meetings of the Cabinet while Mr. Wilson was ill.

SEEK CHANGES IN SPLITTING B.C. PROFITS

Betting Tax, Motor Licenses and Liquor Money Under Discussion

Distribution of pari-mutuel taxes, motor licenses and liquor profits to British Columbia municipalities forms a knotty problem facing the Minister of Finance, Hon. W. C. Shelly, with representations from different parts of British Columbia showing a difference of opinion existing on the basis of distribution. A total of about \$600,000 annually is involved throughout the Province.

SIR AUSTEN WISHED FOR LONGER STAY

British Foreign Secretary and Lady Chamberlain Leave For East

Inspected Esquimalt Drydock This Morning; to Receive Address in Vancouver

Sir Austen Chamberlain, British Foreign Secretary, who with Lady Chamberlain and their two children, have been holidaying here since the first of the week with Lieutenant-Governor R. Randolph Bruce, left Victoria this afternoon for Vancouver.

Sir Austen said this was his first visit to Western Canada and the United States, and that he wished he could stay on the coast longer. He and Lady Chamberlain said they were much taken with Victoria.

Just before Sir Austen and his family left Government House for the boat, there arrived from Seattle Sir Basil Blackett, late Finance Minister of the Government of India, and Lady Blackett. Sir Basil, who has just come up from San Francisco, joined the Chamberlains on their boat trip this afternoon to Vancouver. Sir Austen and Sir Basil are old associates in the Government of Britain, as Sir Basil, under Sir Austen, was financial representative of the British Government at Washington and New York during the war, and had to do with the flotation of British loans in the United States.

Under the Chamberlain's itinerary as completed here, the party will sail from Quebec on the steamer Regina on November 17. The party is due on November 11 in Ottawa, where they will be guests of the Governor-General. On their way East by the Canadian Pacific Railway, they will make a stay at Banff and possibly drop off between trains at a few other important places.

Sir Austen this morning was preparing to receive the address to be presented to him on his arrival in Vancouver by the Mayor of the city of Vancouver, and by the Mayor of the City of Victoria.

SCOTS FOOTBALL PLAYERS DEFEAT TEAM OF IRISH

Glasgow, Oct. 31.—(Canadian Press Cable)—A team representing the Scottish Soccer League defeated an Irish League eleven by 5 to 2 here today. The game was very one-sided, after the first fifteen minutes, the score being 5 to 2 in favor of Scotland at half time. Battle, the New York player imported by Hearts at the beginning of the season, was the star performer for the Scottish team. He scored five of their goals in the course of the game as a forward.

Eight thousand witnessed the match, played on a heavy field.

Afraid To Fire At Bears At More Than Seven Feet

Hunting grizzlies back in the sixties when modern high-powered rifles did not exist, required unusual nerve on the part of the hunter who faced the ferocious grizzlies in the depths of the Rockies. Henry John Moberly writes of many grizzly hunts in his narrative which begins in The Times on Saturday, and tells his method of attack in these words:

"I may have claim that few white men and not many Indians have killed more bears than myself and I never risked firing at a grizzly from a farther distance than six or seven feet. I was often told I was foolhardy, but the truth is I was afraid to fire from a longer range. If a bear is wounded and makes a rush, I defy any man to place an effective shot, for as the bear approaches his head swings from side to side. All the grizzly-hunting accidents I have ever seen or heard of have been due to firing first from too great a distance and crippling the animal only; then the beast closed with the hunter and either badly mangled or killed him before he could administer the knockout shot."

"If you meet a grizzly he will always rise once or twice on his hind legs. If on approaching and when within a couple of yards he doesn't stand erect, throw your guncoat, cap or anything at hand in his face and he will always rise. As he comes down for the final rush take steady aim, and the man who misses the vital spot from that distance has no business to hunt bear, and probably will never have another chance."

Graf Zeppelin Flies To German Field After Voyage From New Jersey Hangar

DOES 1,251 HOURS OF FLYING WITH NO ACCIDENTS

LIEUT. JAMES E. DYER

Naval flier serving with San Diego, California, as his base, has built up a safety record that is attracting attention throughout this continent. In a period of one year, ended recently, he flew a total of 1,251 hours without injury to plane or personnel. He is to fly to Washington in November to receive from President Coolidge the Herbert Schiff Memorial Trophy, an annual award for safe flying.

CUT IN TIRE PRICES SOON

Local Dealers Received Word of Authorized Reductions

Reductions in the prices of a number of standard automobile tires, ranging from 2 to 8 per cent, has been ordered by tire manufacturers, according to word received by some Victoria distributors today.

Definite advice on the reductions had not been received by all dealers, but it was understood the slashes were mostly in the smaller makes of tires. The new prices will go into effect next month, it was stated.

Vancouver, Oct. 31.—A general slash in the British Columbia prices of nearly all standard automobile tires, ranging from 2 1/2 to 7 per cent, has been ordered by manufacturers, according to Vancouver distributors. The new price level will become effective tomorrow.

Announcement of the reduction was made in the eastern United States some days ago, and in Seattle yesterday. Some Vancouver dealers have not yet received word of the change, but expect instructions today.

Palais Royal Is Winner of Cambridgeshire

Newmarket, Eng., Oct. 31.—J. W. Hittouck's Palais Royal II won the Cambridgeshire Stakes, one of the great English autumn handicaps here, today.

Sir C. Hyde's Baytown was second and A. Macomber's Insight II was third.

Palais Royal, won by three-quarters of a length, and there was a head between second and third.

Palais Royal II is by Bruleur out of Ponto Renee.

The betting was 5 to 1, 15 to 1 and 100 to 1.

The stakes were £1,000, with extras, and the distance a mile and a furlong. Twenty-seven ran.

PRAIRIE GOVERNMENTS GIVE SETTLEMENT CO-OPERATION

Ottawa, Oct. 31.—The Government of Manitoba and the Government of Saskatchewan are willing to co-operate with the federal Government in bringing British boys to Canada and making it possible for them to buy farms for themselves, with the assistance of Government loans after they have reached the age of twenty-one years, Hon. Robert Mork, Minister of Immigration and Colonization, announced in a statement issued today on his return from a three weeks' trip which took him as far as Victoria, B.C. The purpose of his tour was to work out closer co-operation with the provinces.

Great Dirigible With Sixty Persons Aboard From United States Crosses French Coast and Is Seen Above Tours As It Flies East Across France On Way To Field at Friedrichshafen, Germany

Tours, France, Oct. 31.—The dirigible Graf Zeppelin, bound from Lakehurst, New Jersey, to Friedrichshafen, Germany, passed over Tours at 8.20 this evening Greenwich meridian time (12.20 p.m. Victoria time).

BONDHOLDERS LOSE HEAVILY

Reported Recovering Nothing From Finance Corporation, Toronto

Toronto, Oct. 31.—According to The Toronto Evening Telegram, it is predicted the bondholders of the Manufacturers' Finance Corporation, which went into liquidation last August, will lose everything they had invested in the concern. It stated that at least \$200,000 of the bonds sold are without any security whatever.

"One of the worst financial failures is being revealed by the inquiry being conducted into the affairs of the corporation by G. T. Clarkson under the direction of the master in bankruptcy," says The Telegram.

"W. N. McDonald, formerly manager of the corporation, was arrested Monday, charged with obtaining an amount of money from the Trust and Guar-

Ten More Lose Jobs By Game Law Change

WOMAN'S BURNS EXPLAINED BY STRANGE STORY

Illinois Resident, Thirty, Says She Tortured Herself to Prove "Spirit Love"

Lake Bluff, Ill., Oct. 31.—Self-torture by fire to prove her faith in a "spirit love" was advanced today to explain the strange case of Miss Alfreda Knaak, thirty-year-old Sunday School teacher and book agent.

It was a weird, uncanny explanation, full of holes and wide open to practical-minded police, but it came from the lips of Miss Knaak herself, lying near death from burns mysteriously inflicted in the basement of the Lake Bluff police station some time Monday.

ASK OTHER EXPLANATION

Physicians were unconvinced. "To believe her story," Dr. A. J. Kinsinger, attending her, "you would have to believe these statements as fact:

"That she first placed one foot, then the other in the furnace, and kept them there for some time; that she thrust her head and arms and legs there under what certainly must have been terrific pain. The firebox is 12 1/2 by 8 1/2 inches."

"It does not seem possible that a person even in a trance could do that. Muscular reaction alone would cause her to jump back from the flames."

MINISTERS TALK OF DISMISSALS

Premier Tolmie and Colleagues Address Conservatives at Mission

Mission, Oct. 31.—Speaking at a banquet held here by the Mission Conservative Association, at which he and members of his Cabinet were guests last night, Premier B. F. Tolmie, in alluding to recent dismissals, said officials were being removed for cause. In some cases the positions would not be filled, as it was found that with a little reorganization expenditures in this connection could be reduced. There would be no cheese paring, but a full return for every dollar expended would be exacted, he said.

POSITION OF ATTORNEY-GENERAL
The Premier denied he had been "spanking" Mr. H. M. Pooley, Attorney-General, an impression a certain newspaper had tried to create. The most friendly relations existed between himself and the Attorney-General, he said.

FOR RURAL DISTRICTS

Hon. J. Hinchliffe, Minister of Education, advocated offsetting the lure of the cities by giving city advantages to the people of the country. The men and women who had gone into lonely places were entitled to every help the Government could give them, he said.

Hon. N. S. Lougheed, Minister of Public Works, said he was endeavoring to reorganize his department. There was a howl that the Government was going too strong, but the Government was not discharging any man because he was a Liberal, he said. The Government was looking for efficiency.

WOMAN'S BURNS EXPLAINED BY STRANGE STORY

(Continued from page 1)

The name of Charles W. Hitchcock, forty-five years old, married and the father of four children, was brought into the case by the woman when she cried: "Hitch, oh, Hitch. Why don't you come to me?"

FOR PURITY
"Who did this?" said the state attorney, bending over the girl's coat.

"I did it myself for faith, for purity," was the reply.

At intervals, the officers obtained her story. She had known Hitchcock for years, she said, having studied elocution and salesmanship in classes he conducted.

"A few months ago I got to know him spiritually," she said. "This was no material love affair. Advanced psychology made me understand him. For weeks I have been hearing his voice saying: 'Have faith; have faith.' I had an appointment with him Monday night. He did not keep it."

(Hitchcock who besides being a teacher, is night policeman of Lake Bluff, has been confined to his home with a broken leg for a week. When he did not appear, I again heard his voice, urging me to have faith.)

THOUGHT OF FIRE
"To prove my faith, I thought of the fire. I removed my clothes and burned them. I proved my faith, and I'll live. Be sure of this: I knew I would survive."

Hitchcock, his leg in a cast, was unable to clear up the girl's story. "Poor girl, if she had a crush on me, I certainly did not know it," he said.

ADVICE ASKED
Hitchcock said Miss Knaak had come to him four years ago to study salesmanship and elocution. Since finishing the course she had occasionally communicated with him, he said.

Miss Knaak, whose home is with her widowed mother in Deerfield, has studied at the University of Illinois and Chicago and at the state normal school in Ypsilanti, Michigan.

MACLEAN OUTLINES HARBOR DEVELOPMENT POLICY FOR CITY IN FEDERAL CONTEST

(Continued from page 1)

Ottawa, the situation would be entirely different. He would then be a private member for the City of Victoria, with his main duty that of representing the interests of the City of Victoria. He believed that he would be so able to present Victoria's case to the Dominion House of Commons that Ottawa would be ready to co-operate with Victoria in its plans for development.

Dr. MacLean expressed his sincere appreciation of the honor extended to him. While he had not sought the

Liberal Nominee Known Throughout Dominion As Efficient Administrator

HON. J. D. MACLEAN
Ex-premier of British Columbia

Hon. J. D. MacLean, ex-Premier of British Columbia, who was enthusiastically named last night to carry the Liberal banner in the by-election December 6, made necessary by the resignation from the Federal House of Hon. S. F. Tolmie, to become Premier of British Columbia, has a record as an administrator that makes him one of the outstanding figures in Canadian politics.

There are few men in provincial politics with a wider experience and he has headed many Government departments with conspicuous success. He has held the portfolios of Minister of Railways, Minister of Education, Minister of Finance and Minister of Industries besides shouldering the duties of Premier and Provincial Secretary in which capacity he entered the Brewster cabinet.

WIDELY KNOWN
He is well and favorably known not only in British Columbia but throughout Canada where policies which he has inaugurated have drawn attention and have been adopted by other provinces. The important part he played at the conference of provincial premiers last year brought him into prominence in Dominion sense and he was one of the men who presented many of the policies that found favor at that conference.

His wide experience of life embracing work as a farmhand, lumberjack, school teacher and finally a doctor of

medicine makes him a man fitted to face and understand the problems of the people from many angles.

BORN IN P.E.I.

Born in Culloden, Prince Edward Island, in 1873, Dr. MacLean came West as a young man, worked as a farmhand, lumberjack and school teacher, took up the study of medicine and made a success of his practice in Greenwood, then a large interior centre.

After filling all the important civic offices of Greenwood, he entered politics in 1916 as a Liberal candidate and was returned by a large majority. The late Premier Brewster invited him to join his cabinet as Provincial Secretary and Minister of Education, and from then on his influence on the Government of the Province was marked. Under the late Premier Oliver he became Minister of Railways in addition to his other duties and later Minister of Industries. In 1924 he took over the portfolio of Finance and soon proved himself British Columbia's best budget maker.

On the death of Premier Oliver not only Dr. MacLean was seriously suggested as his successor, but Dr. MacLean took up Mr. Oliver's work where he left it, attended the Interprovincial Conference in which he distinguished himself as one of the outstanding men present, finally succeeded in British Columbia's claim to the return of the railway lands and paved the way to a solution of the Pacific Great Eastern Railway problem.

honor his appreciation of it was none the less sincere.

AN OUTSTANDING FIGURE

As B.C. Nicholas placed the name of Dr. MacLean before the meeting, he was greeted with ringing applause. The special qualifications which Dr. MacLean had, said Mr. Nicholas, should ensure his election for this city on December 6. It should also ensure for him a very enviable record in the House of Commons at Ottawa. He was widely and favorably known not only in Victoria, where he had made his home for many years, but throughout the Province, in the public life of which he was an outstanding figure. It was unnecessary to review at length Dr. MacLean's record in British Columbia. He had held numerous portfolios of importance in the Province and won distinction as an administrator.

As Minister of Finance he has won tributes from some of the greatest financial men of the Dominion, and had the compliment of seeing some of

Safe Speedy Relief
RHEUMATISM
Pain stops. Relief comes quickly as rheumatic poison is removed by
T-R-C's
50c and \$1 at all druggists

the policies adopted in other parts of the Dominion. As Minister of Education and Minister of Railways his record as an administrator was entirely sustained.

"I think I can say without exaggeration," said the speaker, "that in the political history of British Columbia there have been few administrators on either side who have proved to be more successful than Dr. MacLean proved to be."

TO SECURE CO-OPERATION

In Ottawa he was widely and favorably known because of the dominant part he played in the conference between the provinces and the Dominion, and the part he played in shaping policies. He was confident that Dr. MacLean would uphold the prestige of Victoria in the Dominion House, enhance the importance of Victoria and secure the co-operation of Ottawa in promoting the development of this port.

The special qualifications which Dr. MacLean possessed should be sufficient to secure the support of the people of Victoria. For a majority of the people of Victoria, it is the greatest pleasure to elect him to represent Victoria at the Dominion capital.

Dr. W. H. Sutherland, in the course of a brief address, remarked: "I do not know a man in British Columbia who knows the problems of British Columbia better than Dr. MacLean, and to-night he has shown that he is also familiar with local issues."

The rest of Canada was watching with interest the Victoria by-election. Dr. Sutherland assured the audience. Recently the Australian treaty had been passed and British Columbia was reaping the greatest benefit from that treaty. Ottawa was beginning to wonder why when British Columbia respected the benefit it should return men on the opposite side. They were watching to see if Victoria returned the right man.

VICTORIA'S INTERESTS

It was more a matter of the people of Victoria voting for their own interests on December 6 than a question of was a man a Liberal or a Conservative. Victoria should send a man who could serve the best interests of the city and secure a sympathetic consideration to its plans for advancement.

"Dr. MacLean has had a good rest. He is in fighting trim now," Dr. Sutherland proceeded. "Victoria made a mistake at the last provincial election. We can forgive you for that if you do the right thing now."

"The new Government is in power in British Columbia. They have done a lot of talking. They have done a lot of bragging, but except for firing a few officials they appear to have done nothing else."

"They told us before they got into power they knew all about British Columbia. Now it appears they cannot lift their hands to do anything without first making a survey."

A letter of apology from Hon. J. H. King, Minister of Pensions and National Health, regretting his inability to be present was read by Chas. Bishop, secretary of the Victoria Liberal Association.

On the platform besides C. J. V. Spratt, president of the Victoria Liberal Association, were Dr. J. D. MacLean, Dr. W. H. Sutherland, J. B. Clearhorne, Major S. F. Moody, B.C. Liberal organizer, W. H. Shandley, B. C. Nicholas, Carew Martin and A. E. Humphries.

CONFERENCE TO BRING RESULTS

Manson Reviews Federal-Provincial Discussions Held at Ottawa

Vancouver, Oct. 31.—Full publicity has never been given to all the activities of the conference of Dominion and Provincial Premiers held at Ottawa a year ago, according to A. M. Manson, K.C., M.P.P., who as Attorney-General accompanied Premier J. D. MacLean to Ottawa, representing the Government of British Columbia.

Action is to be anticipated as a result of the representations made by

the different provinces. Mr. Manson told the A.O.T.S. Club of the Toimie Street United Church here in an address last evening.

MONEY READJUSTMENT

British Columbia's claims as outlined by Dr. MacLean and Mr. Manson, the speaker said, were for a financial readjustment having regard to physical features, a revision of the subsidies from Ottawa on a more frequent estimate of population than the ten-year census and recognition of the fact that British Columbia had contributed more than its proportion to the cost of building the transcontinental railway.

In this connection, British Columbia contended it was entitled to equal treatment in railway matters, the intercolonial deficits and the canal construction in the East having been contributed to by this province, whereas the Dominion had made no contribution to such British Columbia problems as the Pacific Great Eastern. Assistance for a railway to the Peace River district was also advocated.

INQUIRIES ASKED

Premier MacLean, said Mr. Manson, had urged there should later be formal inquiries into such matters affecting British Columbia in particular as the return of the railway lands, the delimitation of the respective fields of taxation and the gradual withdrawal of the Dominion from the field of direct taxation, entered in apparent contravention of the British North America Act during the stress of the war.

British Ex-Premier Named Candidate

Durham, England, Oct. 31.—Labor delegates who crowded a hall here last night adopted Right Hon. Ramsay MacDonald, Labor Party leader and former Premier, as the Labor Party candidate for the Seatham division of Durham in the forthcoming Commons general election.

Mr. MacDonald, addressing the meeting, said newspapers had reported that in going to Seatham he was leaving an unsafe seat for a safe seat. They were wrong, he declared. His seat in South Wales was as "safe as the Bank of England," but it required a great deal of time to look after it. He predicted the finest victory next year the Labor Party of Britain had ever experienced.

"That's what makes teeth dull and cloudy"

—a dingy film that ordinary brushing will not remove successfully. A new way to remove it.

THE greatest destroyer of lovely sparkling teeth, dental science knows as film. The source of most serious tooth and gum disorders is likewise film.

You can feel film with your tongue—a slippery, sticky coating. It clings to teeth and gets into crevices and stays. It absorbs stains from food and smoking. Gums by the millions breed in it, and they, plus tartar, are the chief cause of pyorrhea. To remove film, dentists prescribe the special film-removing dentifrice called Pepsodent.

In a few days teeth grow whiter and begin to sparkle. They continue to improve for months. Start today. Get Pepsodent at any drug counter or write for free 10-day supply to The Pepsodent Co., 191 George St., Toronto 2, Ont., Canada.

Made in Canada

PEPSODENT

The Special Film-Removing Dentifrice

Are You Ready When your Children Cry for it

BABY has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is a vegetable product. So it's safe to use as often as an infant has a little pain you cannot put away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea which must be

checked without delay. Twenty-five million bottles were bought last year.

Fletcher's CASTORIA

MISS SETSU ON HER WEDDING DAY—Miss Setsu Matsudaira is pictured here as she looked on the day of her wedding to Prince Chichibu, heir apparent to the Japanese throne. She and her mother were leaving their home to make a formal call on the Dowager Empress of Japan, just before the wedding ceremony.

DR. MACLEAN THE CANDIDATE

IN DR. J. D. MACLEAN THE LIBERALS OF Victoria have chosen as their candidate in the Federal byelection an able and experienced public man well known and highly esteemed throughout Canada. They could not have selected anybody more familiar with the needs of this community, or who would be able to give more effective representation at Ottawa. As Premier of this Province he has enjoyed cordial relations with the Dominion Government with whose members he is on intimate terms and of whose policies, as a Liberal, he is a supporter. If he were elected as the representative of this city at the national capital there can be no question that he would exercise a strong influence in determining the attitude of the Federal Government towards this port, and in enlisting the Government's co-operation in promoting port development.

At present there are no supporters of the Government from either the mainland coast or the southern part of Vancouver Island in the House of Commons, and Victoria thus has an opportunity of putting itself in a position of advantage by sending to Ottawa one who, beyond doubt, would be an important figure there. The numerous projects concerning the development of this port which recently were taken up with Dominion Ministers by the Chamber of Commerce and City Council certainly would be more likely to gain the support of the Government at Ottawa through the influential advocacy of Dr. MacLean than they would be through the efforts of anybody who was elected to oppose the Government. Dr. MacLean is in the prime of life, with energies undiminished, and possesses all the qualifications necessary to a highly successful career at Ottawa.

AN IMPORTANT ELECTION ISSUE

AS THE MANITOBA FREE PRESS VERY pointedly reminds us, one of the principal issues which should be discussed exhaustively during the Federal byelection campaign in this city is the Canadian-Australian trade treaty, its value to British Columbia in its present form and the additional benefits this province would derive if the lumber industry's request for preferential treatment similar to that enjoyed by the paper industry shall be granted by the Australian Government.

It will be recalled that an influential delegation composed of British Columbia's leading lumbermen recently went down to Ottawa and conferred with Hon. Mr. Robb and Hon. Mr. Malcolm to enlist their support for an extension of the provisions of the pact. On that occasion Mr. Robb said:

We had great difficulty in getting that treaty. No province benefits from it more than British Columbia, yet no province, through its representatives in Parliament, opposed it more strongly. I have a record of the votes, and in the light of them the Australian minister at the time went home in the frame of mind of canceling the agreement.

Recently Australia has represented to us that it desires further concessions. We have said we are prepared to meet them, though I will not say that the lumber industry will alone be considered. For instance, if Australia will let in our fruit when we are not producing it, I am prepared to advocate in Parliament that we let in theirs when we are not producing.

I am satisfied that, if we work together, we can get their full preference in exchange for ours, but we will never get it by lambasting their products. I am prepared not only to sell but to buy from Australia. If they wish to enlarge their preference, they can not go too far for us.

The point for the electors of Victoria to remember is that this important treaty is in some peril. It is being opposed by a number of influential interests in Australia on the ground that Canada, particularly British Columbia, is getting the best of the bargain. This element, of course, continues to use the opposition which opponents of the treaty in this country have shown to further their own political ends.

Mr. Bennett attacked the arrangement in spite of the fact that it is an immense boon to us and opponents of it in Australia point to Mr. Bennett's criticism to prove that Canada is not in favor of the treaty.

In view of this campaign, therefore, it should be borne in mind that the election of an opposition member to fill the vacancy caused by Dr. Tolmie's resignation would help the forces opposing the treaty in Australia—and constitute a great blow to British Columbia's chances of getting its provisions extended in accordance with the lumbermen's request.

In respect of the lumber industry's case, incidentally, it should be noted that Australia imports more than 800,000,000 feet of lumber annually. Of that amount she buys only 50,000,000 feet from this province as against 350,000,000 from the United States. Small wonder our lumbermen want to capture some of this business! Victoria surely will not send an opponent of the treaty to Ottawa again.

ADVICE TO OUR YOUTH

PREMIER TOLMIE IS URGING THE young men of British Columbia to take "a second look around" this province before deciding that no opportunities await them here. This is good advice and those who take it will not go wrong.

If our young men would study a map of British Columbia and allow its vastness and variety to make an impression upon their minds, remembering all the time that the population at present occupying this great area is no more than that of Greater San Francisco, they surely would think more than twice before leaving such a wonderful land of opportunity for uncertain if apparently attractive pastures elsewhere. If it may seem hackneyed to discuss our virtually untouched wealth in natural resources, the point loses none of its truth; British Columbia has been abundantly blessed. If the present and future generations intend to be true to the trust which the pioneers reposed in them, there must be a more spirited display of enterprise and faith by the young men and women of to-day.

In this regard a stern duty devolves upon our public men. Take "a second look around" is the gospel which should be preached by those in a position to direct the thinking processes of our young people. There has been too much of the other sort of talk, too much lip service in support of artificial formulas in which the partisan mind sees a panacea for everything. There has been too much advertising of other countries to the detriment of our own. Nor is it a compliment to the intelligence of the youth of to-day to tell them that this Dominion, young, active and wealthy almost beyond computation, has no alternative but a resort to a species of paternalism which stifles incentive at its birth.

On the contrary, our public men, our leaders of thought, should preach Canada and Canadian opportunities. For he who suggests by word or action that this country is a weakling and that its people must be spoon fed has a poor conception of the duties of citizenship.

PHILADELPHIA'S POLICE TROUBLES

ONCE UPON A TIME THE GOOD people of Philadelphia, known the world over as "the city of brotherly love," would have been shocked to learn that even a single member of their police force had wandered from the path of rectitude. But it now seems that quite a large number of uniformed and non-uniformed guardians of the law have been so lax in their duties, so prone to accept emoluments to which they were not entitled, that many other hardened sinners neither spinning nor toiling in "the city of brotherly love" have come to regard that neighborhood as safe and profitable for the pursuit of their nefarious calling. We read, in fact, that nearly one-third of Philadelphia's police commanders have been declared by a special grand jury as "unfit to hold any municipal office," while this same body—which has been investigating gang murders and police corruption—has recommended something approaching a wholesale dismissal of those officers who by reason of their "unexplained personal wealth" are considered guilty of corrupt practices. It has been discovered that in the last four years more than \$800,000 have been deposited by twenty police officers.

This is not a new condition for Philadelphia. It will be recalled that a year or so ago Brigadier-General Smedley D. Butler was called in by the civic authorities and given wide authority to improve conditions which then had reached the proportions of a public scandal. He swung his axe and the chips began to fall; but he soon found that the job was too difficult for him. In many instances he was confronted by a stone wall and completely puzzled to know how to get around or over it. His failure, however, no doubt, has resulted in this more recent attempt to get at the bottom of the whole slimy business. After eleven weeks of investigation it looks as if the root of much of the trouble has been unearthed and that appropriate action will follow.

WHAT OTHER PAPERS SAY

UNEMPLOYMENT INSURANCE

The Ottawa Citizen

Great Britain's experience with unemployment insurance has demonstrated that it is no remedy for unemployment, although it may be a form of insurance against revolutionary upheaval. There is nothing in the history of unemployment insurance to warrant Canada indulging in the experiment.

THE RECOVERY OF BRITISH BUSINESS

The New York Sun

Studied from its industrial side, the picture of Great Britain's position is depressing. But it takes on much brighter colors when examined from the viewpoint of commerce and especially of foreign trade. British business is doggedly digging its way upward through the gloom and depression which long have weighed heavily upon it.

RESEARCH WORK UNDERPAID

The Washington Star-Phoenix

(The American Government pays its research workers twice as much as the Canadian Government.) The Federal Government intimated at the last session of Parliament that it intends to increase expenditure on research. A national laboratory is to be constructed at Ottawa. A permanent and paid chairman of the Research Council has been appointed. Grants in aid of research work are to be made greater. All of these changes are for the better. Along with them there should be a revision in the salaries of Canadian scientific workers which will bring them up to something nearer parity with their American confreres.

A THOUGHT

A false balance is abomination to the Lord; but a just weight is his delight.—Prov. xi, 1.
"Honesty is the best policy," but he who acts on that principle is not an honest man.—Whitaker.

NUMBER ONE

1. Vote
2. H-3-2
3. D-3-3
4. C-3-3

NORTH
WEST
EAST
SOUTH

1. H-3-2
2. D-3-3
3. C-3-3

Hearts are trumps and South has the lead. North and South must win three of the five tricks, against a perfect defence.

Lay out the cards on a table as shown in the diagram. Study each hand and figure out how you would solve this puzzle. Then look at the solution and see if you have done it right. There is only one way in which North and South can get three tricks. Can you find it?

Solution to-morrow.

The WEATHER

Daily Bulletin Furnished by the Meteorological Department

Victoria, Oct. 31.—3 a.m.—The barometer remains high on the coast with generally fair weather, and rain has fallen on the lower mainland and southward to Oregon. Fair, moderately cold weather prevails in the prairies.

Reports

Victoria—Barometer, 30.02; temperature, maximum yesterday, 49; minimum, 46; wind, 2 miles W.; rain, .30; weather, cloudy.

Vancouver—Barometer, 30.02; temperature, maximum yesterday, 50; minimum, 48; wind, calm; rain, .14; weather, cloudy.

Kamloops—Barometer, 30.00; temperature, maximum yesterday, 48; minimum, 34; wind, calm; weather, cloudy.

Prince Rupert—Barometer, 30.00; temperature, maximum yesterday, 60; minimum, 43; wind, 4 miles W.; weather, fair.

Estevan Point—Barometer, 30.02; temperature, maximum yesterday, 54; minimum, 33; wind, 4 miles W.; weather, fair.

Tatoosh—Barometer, 30.02; temperature, maximum yesterday, 44; minimum, 42; wind, 4 miles W.; weather, fair.

Portland Ore.—Barometer, 30.04; temperature, maximum yesterday, 60; minimum, 56; wind, 4 miles W.; weather, fair.

Warrants Are Issued

In Northcott Case

Vancouver, Oct. 31.—Four specific informations charging murder were sworn to and warrants issued at the courthouse here yesterday by Judge H. S. Cayley, against Gordon Stuart Northcott, already charged with murder in California in connection with alleged crimes on his chicken ranch at Wineville. The informations were laid through H. S. Twell of the United States Consulate here.

The first of the informations comes from Los Angeles County and charges Northcott with the murder of a human being, name unknown, on or about February 1. Another information from Riverside County charges him with the murder of "John Doe" on or about the same date. A third information, from Riverside County, charges him with the murder of Walter Collins on or about March 15. The fourth information, also from Riverside County, alleges the murder by Northcott of Louis and Nelson Winston on or about May 26.

Charles E. Hughes

Speaks For Hoover

Worcester, Mass., Oct. 31.—Charles Evans Hughes, bringing his campaign for Herbert Hoover to the United States Presidential candidate, into New England last night, asserted a Republican administration would not only assure maintenance of the protective tariff and an economical administration.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, October 31, 1903

All the members of the cabinet will be in the city this evening, when the question of filling up the ministry will likely be disposed of. The Rev. R. Porter of Mayne Island was a recent visitor here.

Mr. and Mrs. G. F. Payne of Saturna Island have returned from spending a few days' visit at Cowichan.

Mr. S. Conery and family are staying with Mrs. L. Higgs.

Miss G. Adams has returned home after spending a month here.

Mr. and Mrs. Clifford Adams of Oak Bay have gone to Saturna Island to stay with Mr. and Mrs. G. F. Payne.

A. Georgeon has been spending a few days with Mr. and Mrs. L. Higgs at All Bay, Sidney.

The senior and intermediate teams of the Victoria Grass Hockey Club held a practice yesterday afternoon at the Caledonia grounds.

The G.P.R. steamship Tarrar reached the Outer Wharf from Japan and China last evening having encountered adverse winds during the greater part of her voyage across the Pacific. She brought 3,000 tons of general cargo.

The management of the Victoria Machinery Depot will commence work again within the next few days on the maripae slip, which they propose establishing on the site adjoining the works.

tion, but would also protect the country against the invasion of disastrous policies."

"Governor Smith endorses policies," said Mr. Hughes, "if I understand him right, which would introduce government into business on a large scale, with a vast increase of bureaucracy."

Islands

MAYNE

Colonel and Lady Constance Fawkes have returned to Culzean from Victoria. Colonel Fawkes had been in Jubilee Hospital for the last month.

Mrs. R. McNeill has gone to Vancouver.

T. Robson has returned to Victoria.

Mrs. A. Vigorn has left for Vancouver.

Mrs. Horgan of Vancouver is staying at Culzean.

Mrs. S. Robson has returned from a visit to Vancouver.

Mrs. R. Hall has gone for a visit to Vancouver.

F. Robson has left for Vancouver.

E. Robson has joined the Technical School in Vancouver.

A Hallowe'en dance is to be held in the hall under the auspices of the Mayne Island Women's Auxiliary.

GALIANO ISLAND

Mrs. Page has returned home from Victoria, where she went to visit her son, who is in St. Joseph's Hospital.

Mrs. Scoones is spending a few days in Victoria.

Colonel C. W. Peck, V.C. M.P.P. has been visiting here.

SATURNA ISLAND AND SOUTH PENDER ISLAND

Mr. and Mrs. L. Walker have returned home after spending a few days with Mr. and Mrs. Pollok at Beaver Point.

G. Copeland is spending a few days on South Pender Island.

The Rev. R. Porter of Mayne Island was a recent visitor here.

Mr. and Mrs. G. F. Payne of Saturna Island have returned from spending a few days' visit at Cowichan.

Mrs. S. Conery and family are staying with Mrs. L. Higgs.

Miss G. Adams has returned home after spending a month here.

Mr. and Mrs. Clifford Adams of Oak Bay have gone to Saturna Island to stay with Mr. and Mrs. G. F. Payne.

War Claims Are

Soon to Be Paid

Ottawa, Oct. 31.—Parliament at its next session probably will be asked to consider legislation for payment of losses suffered by the Canadian civil population during the World War. The claims, approved in a report by Royal Commissioner James Friel, K.C., tabled shortly before prorogation of the last session of Parliament, total approximately 1,500. The amounts of the various claims favorably passed upon

PLATES

The skill and extra care we take in the fitting makes all the difference in comfort. And, withal, you save from... \$15

by Commissioner Friel aggregate in the neighborhood of \$5,000,000, without computation of interest.

While the drafting of the legislation has only begun, and the whole matter will have to be considered by Cabinet, it is reported the great bulk of the smaller claims will be paid in full. Readjustments in respect to some of the larger awards made in the commissioner's report, it is understood, may be made.

SOME FACTS ABOUT THE NEW FORD

Production and Demand for New Ford Exceeds All Previous Records

The manufacturing schedules of the Ford Motor Company of Canada, Limited, have been steadily built up until a new daily record for Canadian automobile production has been reached.

Despite this peak output, orders for the new Ford keep uniformly ahead of the rising tide of manufacture. It is therefore necessary to continue a high rate of production. To this end a steady flow of material from more than 385 Canadian sources streams into the Ford plants. And here, with more than 10,000 men on the payrolls (almost double the previous employment record) these materials are converted into New Ford cars.

Ford Quality of Manufacture Has Been Strictly Maintained

In the effort to build enough New Ford cars to meet requirements, no deviation from the high standard of Ford precision has been permitted. This standard, unbelievably strict, was set before the car was placed upon the market, and it has since been rigidly adhered to.

In the New Ford Car 40 different steel alloys are used. Each is chosen for the specific use for which it is best adapted. In the transmission gears alone there are seven different kinds of alloys. Likewise, the forged steel spring perches, hardly bigger round than a man's thumb, will withstand a strain of 15,000 pounds. This is 30 times greater than the strain put on them in ordinary use.

The excellence of materials used is matched by the careful precision of its manufacture. For example, the eight valve guides in every engine may deviate from perfection only by 1/30th of the thickness of the average human hair.

The simplicity and soundness of Ford design is unparalleled. Such manufacturing methods ensure a high degree of

satisfactory performance over a long period of years.

Ford Performance is the New Standard for Judging Automobiles

The rapidity of get-away and acceleration of the New Ford is a by-word. Its

endurance, which permits sustained driving at the higher speeds hour after hour, is little short of marvelous. The ease with which steep hills are climbed in high gear is equally as impressive. Shifting gears, steering and handling the car under the most trying road conditions are exceptionally simple. 25 to 30 miles per gallon of gasoline and remarkably low oil consumption give a worthwhile operating economy.

In city traffic and on country highways, the New Ford performs as well as and often better than considerably heavier and higher priced cars. In the light car field it is absolutely without equal.

By these marks of Ford performance other motor cars are being judged. It simply means that price is no longer the gauge of automobile quality.

Ford Beauty Is More Than Skin Deep

On the surface the New Ford Car is all that you want it to be. Beautiful low lines, harmonious color combinations, sparkling nickel, sturdy steel spoke wheels and balloon tires all play their part in making this a car of graceful proportion and handsome appearance.

But its real beauty is invisible. The quality of materials; careful workmanship; correctness of design; the things that really matter—these are the points in which the New Ford is exceptional.

Windshield of shatterproof glass and a six brake system, fully enclosed, safeguard occupants in any emergency. Four efficient shock absorbers in conjunction with the best proven light car spring system, give matchless riding comfort. All models are completely equipped to provide the ultimate in comfort, convenience and safety.

If you have not ridden in the new Ford car, or experienced the thrill of driving it, there awaits you the knowledge that car values have actually changed; that a really fine car has come into the light car field; and that values offered by the new Ford cannot be duplicated anywhere. Your local Ford dealer will prove these statements by demonstration.

Saanichton

Under the leadership of Stuart Stoddart, D.C.M., and Alan Horsfield, both Great War veterans, Wolf Cub packs are being organized at Brentwood Bay Saanichton.

Following a meeting held at the home of Mr. Horsfield and addressed by Vic Goddard, scoutmaster of Sidney, further meetings were called at the home of Mr. Horsfield, Mount Newton, and Nat Gray, Saanichton, where local committees were formed and action taken to have the packs organized and maintained.

Local committees were appointed as follows: For West Saanichton pack, Chair-

man, L. E. Taylor; secretary-treasurer, Mr. Jones, Brentwood, and Major Taylor for Saanichton.

For Saanichton pack, Edwin Oakes, chairman; Capt. Nat Gray, secretary-treasurer; H. T. Wright, member.

There can be no doubt as to the benefits of an organized Scout Troop and Wolf Cub pack as a means of developing character in boys, and it is hoped that as the first group of boys become proficient to give every boy in the community an opportunity to become a member. The secretary of the committee at each point would be glad to have the names of all those in sympathy with the work and willing to give it their support.

H. T. Ravehill has visited each leader and arranged for the preliminary training before official enrollment, and also has duly appointed each leader as acting akela.

The Big Brother movement, which has gained a strong foothold in Australia as an aid to young immigrants was the topic of a series of addresses here this month by Capt. R. T. Thornton, M.C. Capt. Thornton will arrive from Australia aboard the liner Niagara on November 9.

Tired Business Men

THE clatter of typewriters, a sea of papers on your desk, a stream of interruptions—is it any wonder that you return home tired and irritable, without any inclination for an evening's amusement?

If you have lost your snap, your "drive," and your natural good nature, through over-work, try Fellows' Syrup.

Fellows' Syrup contains those "chemical foods" required by the body to repair its tissues and to sustain its powers. It stimulates the appetite, aids digestion, and it helps to sustain mental effort.

Born in Canada—this fine old tonic is now prescribed by physicians in 58 countries of the world.

BIG ESTATE IS LEFT WOMAN IN VANCOUVER

Mrs. E. A. Halse Beneficiary in \$456,528 Left By John Catto of Toronto

Toronto, Oct. 31.—An estate of \$456,528 was left by John Catto, monogrammer, Yonge Street drygoods merchant, who died September 9, according to the will which has been filed for probate.

His daughter, Mrs. Elizabeth A. Halse of Vancouver, and a sister, Mrs. Catherine Ross Adams, are the chief beneficiaries. Mrs. Halse gets his household furniture and the residue, while her three children each get \$12,000. Mrs. Adams receives the use of his home at 188 Broad Street and an allowance of \$125 per month as long as she lives.

About \$160,000 is split up in bequests, ranging from \$250 to \$12,000, to various relatives and friends and to hospitals. A codicil revokes a bequest made previously to Very Rev. Dean P. Smith of Oshawa, Ontario, who had been left \$10,000 in trust, \$3,500 being for the orphanage at Abernethy, and \$7,500 for the Episcopal Church of Scotland. Several of the relatives and friends who are legatees reside in England or Scotland.

Fine Programme For Quadra P.T.A. Concert Friday

For the concert to be given in the Quadra School on Friday evening under auspices of Quadra Parent-Teacher Association, with School Trustees W. T. Straith acting as chairman, the following attractive programme has been arranged:

Duet, selected, Partridge Brothers; banjo solo, Mr. Schofield, accompanied by Mrs. Schofield; Indian clubs, Mr. Tom Gibson; recitations, Miss Dorothy Sprinkling; vocal solo, "A Birthday," Miss Isabel Crawford; Scotch dances to accompaniment of Piper Cameron by (a) Betty Webber, June Scutrah, Maryann Peterson and Gwen Dewar, and solo by Miss Nancy Ferguson, choruses, (b) "Sandman," the school, (c) "Whispering Winds," solo, selected, Frank Partridge solo, "Candle Lightin' Time," Miss Isabel Crawford; accordion solo, selected, Don Cameron; dance, selected, Miss Nancy Ferguson. God Save the King.

Miss Lorraine Parquhar will be the accompanist.

Victoria W.I.—The usual afternoon social of the Victoria Women's Institute will be held on Friday in the rooms, 203 Union Building, 612 View Street. Mrs. V. S. MacLachlan, superintendent of Women's Institutes, has consented to demonstrate the making of wool rugs and will display the newest samples of wool. A good programme has been arranged and also a guessing contest. The hostesses for the afternoon are Mesdames Palmer, Terry, Laird and Urdahart. A cordial invitation is extended to all to attend, and as this will be the last social for the year members are requested to attend.

Masquerade Dance—The A.O.F. basketball team's Halloween masquerade dance will take place to-night in the A.O.F. hall. Prizes will be given for the best lady and gentleman. Halloween costume, original and comic, with prizes for spotlight dancing. Tombolas will be awarded.

Mr. and Mrs. R. P. Butchart entertained at luncheon at "Benvenuto" yesterday in honor of Mr. Hon. Sir Austen and Lady Chamberlain. Others invited included His Honor the Lieutenant-Governor and Miss Mackenzie, Miss Diane Chamberlain, Master Lawrence Chamberlain, Miss Scratchley, Mr. and Mrs. A. T. Goward, Mr. and Mrs. H. A. Ross, Captain W. H. Molson, Mr. A. M. D. Fairbairn, Master Rocky Robertson and Master Forrest Rogers, of Brentwood College.

Mr. and Mrs. Theodore Mallinson, 1636 Hampshire Road, entertained last evening at dinner in honor of Miss Edith Looney, who has recently returned from England, with additional guests coming in later for bridge. The rooms were charmingly decorated with pale pink dahlias and yellow chrysanthemums. The guests included: Mr. and Mrs. J. R. Angus, Mr. and Mrs. Wallace Courtenay, Mr. and Mrs. Frank Sterry, Miss Sally Getty, Mr. Bert Fleet and Mr. Les Eastman.

Going Up!

Nightly, now, her smile is winning new hearts all over America. She is lovely Corinne Burton, whose New York home is the New Weston Hotel. Her march to fame includes a season each in "The Music Box" and "The Scandal," and now, under Chas. Bowers' direction, she's going up in the movies!

"I don't believe in overlooking any point which may help make your presence pleasing," says Miss Burton. "Recently, I learned the method of caring for the hair, which is all the rage among New York girls, now it's so easy. All you do is put a little Danderine on your brush every time you arrange your hair. It makes my hair so easy to dress and holds it in place wonderfully. It has gotten rid of my dandruff. It keeps my scalp and hair so clean and comfortable that I don't shampoo half as often as I used to. It gives my hair such a silky, soft and lustrous appearance that friends comment on it."

Danderine is not oily. It removes the oily film from each strand of hair, restores its natural color, gives it new lustre. It dissolves dandruff, cleanses and invigorates the scalp. It is delightfully fragrant. All drug stores have the generous 35c bottles. Lovely, gleaming hair and a healthy scalp for a few cents. (Adv.)

Personal Items

Miss Helen Mackenzie, Miss Diane Chamberlain and Miss Scratchley were among those who witnessed Shaw's comedy, "You Never Can Tell," at the Royal Victoria Theatre last night, played by Maurice Colbourne and his company.

Mr. and Mrs. E. R. Jackson of Cobble Hill are spending a few days in Victoria.

Mrs. Douglas Hunter entertained this afternoon at her home on Cook Street with two tables of bridge, complimentary to Mrs. Chastor Payne of Vancouver.

Mrs. G. O. Leask of Sayward, who has been visiting in Victoria as Mrs. J. S. C. Fraser, St. Charles Street, will leave for her home on Friday.

Mrs. Arthur Lee, 535 Trutch Street (nee Ada Garbutt), will hold her post-nuptial reception to-morrow afternoon from 3 to 6 o'clock.

Mrs. Alfred Woodcroft entertained with three tables of bridge on Tuesday afternoon at her home on Monterey Avenue.

Mrs. G. Dudley Stephens (nee Florence Thompson), will hold her post-nuptial reception on Saturday afternoon, next at her home, Suite 3, Linden Apartments, from 3 to 6 o'clock.

Mrs. M. A. Bushnell of Victoria will leave on the Empress of Canada on Thursday for the round-the-world trip, making stops in the various countries en route.

Mrs. W. U. Rowlands of San Francisco, who has been visiting in Victoria as the guest of Mr. and Mrs. W. H. Rowlands, Phoenix Place, left last week for her home in the South.

Mrs. George E. Fox (nee Nellie Warburton) will receive for the first time since her marriage at her home, 1744 Lee Avenue, on Saturday from 3 until 8 o'clock.

Mrs. W. H. Rowlands, Phoenix Place, who has been visiting in Vancouver, returned to Victoria yesterday, accompanied by Mr. M. Bradshaw of Portland, Oregon, who will be her guest for some time.

Many Victoria people attended the tea which Mrs. L. I. Farlow gave in Vancouver on Friday afternoon in honor of Miss May Joyce who returned to Victoria on Monday after visiting the mainland.

Many parties are being made-up for the Halloween dance supper which is to be held this evening at the Empress Hotel. The decorations will be appropriate to the occasion and an augmented orchestra will provide the latest dance music.

Miss Laura Rudin, who is the guest of Mrs. Dunsmuir at Hatley Park, has been spending a few days in Seattle, and while in the Sound city was the guest of honor at a tea given by Miss Florence Angus.

Mrs. McCurher of Winnipeg, who has been visiting in Victoria as the guest of her brother-in-law and sister, Mr. and Mrs. Peter Bell, Beach Drive, has left for her home in Manitoba. Mrs. Bell accompanied by sister Jo Vancouver and has returned home after spending a few days there.

Miss Mabel Ringshaw, R.N., a popular graduate of St. Joseph's Hospital now residing in Santa Maria, California, who is to be married next month, was the recipient of many beautiful gifts at a miscellaneous showed held recently in her honor by Mrs. George Ryan, of Orcutt, Cal. After an evening of games, supper was served. Among the guests were Miss Kay Hills and Miss Vera Salmon, recent graduates of St. Joseph's Hospital.

Mr. and Mrs. R. P. Butchart entertained at luncheon at "Benvenuto" yesterday in honor of Mr. Hon. Sir Austen and Lady Chamberlain. Others invited included His Honor the Lieutenant-Governor and Miss Mackenzie, Miss Diane Chamberlain, Master Lawrence Chamberlain, Miss Scratchley, Mr. and Mrs. A. T. Goward, Mr. and Mrs. H. A. Ross, Captain W. H. Molson, Mr. A. M. D. Fairbairn, Master Rocky Robertson and Master Forrest Rogers, of Brentwood College.

Mr. and Mrs. Theodore Mallinson, 1636 Hampshire Road, entertained last evening at dinner in honor of Miss Edith Looney, who has recently returned from England, with additional guests coming in later for bridge. The rooms were charmingly decorated with pale pink dahlias and yellow chrysanthemums. The guests included: Mr. and Mrs. J. R. Angus, Mr. and Mrs. Wallace Courtenay, Mr. and Mrs. Frank Sterry, Miss Sally Getty, Mr. Bert Fleet and Mr. Les Eastman.

FASHION PLAQUE

A characteristic detail of the evening mode is the skirt which is longer in front than in back—the place where it is shortest is covered with a long loose panel.

TABLES GOING FOR ANNUAL Y.M.C.A. TEA

Lieut.-Governor and Miss Mackenzie to Be Guests on November 7

With a large number of tables already reserved by hostesses, the success of the annual "Guest Tea" to be held at the Y.M.C.A. on Wednesday, November 7, is already assured, and the Women's Auxiliary under whose auspices it is being held, anticipate a substantial sum for their excellent work as a result.

MUSICAL PROGRAMME
Mrs. J. H. Fletcher, the president, and Miss Agnew will be joint hostesses at the head table, at which there will be about thirty guests including His Honor the Lieutenant-Governor and Miss Mackenzie and the artists who are providing the programme, Mrs. S. M. Morton, Mrs. Fred McGregor, Miss Doreen Wilson. The programme is being arranged by Mrs. J. O. Cameron and Mrs. Gideon Hicks.

Among those who have taken tables is the Women's Canadian Club, with Mrs. S. F. T. McLean as the convener, the Men's Canadian Club, with Mrs. John Cochrane as the convener and the wives of the executive as the guests; Metropolitan Church, with Mrs. Tuck as convener, assisted by Mrs. A. McKeown, Mrs. W. E. Stansland and Mrs. Harper. Mrs. Locke is convener of a table of twenty for the P. E. O. Sisterhood, the Kiwanis Club table will be in charge of Mrs. Fred McGregor, Mrs. Mark Graham and Mrs. C. E. Watkins; Mrs. E. H. Hetherington is acting as convener of the Gyro table, and Mrs. H. Anson and Mrs. Victor Clark have charge of the Rotary Club.

CITY COUNCIL TABLE
The Mayor and City Council will be guests at a table which is being convoked by Mrs. F. R. Brown. Other tables include one of eight arranged by Mrs. W. S. Latta; Mrs. Whittington and Mrs. Oliver will have twelve at their table; Mrs. Watson and Mrs. E. W. Mayhew are arranging a special table. The Daughters of Canada have also taken a table for fourteen, with Mrs. C. T. Ramsey as convener.

The members of the "X" Auxiliary are arranging to have a table for those who do not care to go to any of the special tables, this to be in charge of the refreshments committee.

Mrs. Thorpe-Douglas was the hostess, assisted by Miss Mary Swinerton and the Misses Isabel and Betty Davey, in the tearoom at the Island Arts and Crafts annual exhibition in the Belmont Building yesterday. Among the many visitors were: Mrs. Wallace Grime, Mrs. Whitehead, Mr. Digby Robinson, Mr. and Mrs. Bass, the Misses Renny, Dr. Donald, Mr. Tooghy, Miss Jean McDonald, Mrs. W. E. Brown, Mrs. A. G. Todd, Miss Alexander, Mr. and Mrs. Neil, Mrs. Edwards, Mrs. Peter McNaughton, Mr. Ridley, Mr. Linton, Mr. I. C. Edwards, Mr. Fraser, Capt. Brown, Mrs. Middleton, Major Spurgeon, Mrs. Robertson, Mr. H. H. Harrison, Mrs. A. Pearson, Mrs. Hollis, Miss Ridgall, Mr. S. J. Simons, Madame Saunders, Mr. and Mrs. Friedrichs (Patricia), Mrs. Whitson, Mrs. Newton, Mr. Jones, Mr. Grook, Mrs. Henning, Mrs. Christison and Capt. and Mrs. Merton.

A wedding of interest to local friends of the bride was that of Augusta O'Brien, youngest daughter of Mr. and Mrs. Peter Peck of 440 Ash Street, New Westminster, to Mr. Norman Edward Oberg, bartitone of the American Paper Company, and son of Mr. and Mrs. Oscar Oberg of Titusville, Penn. The marriage took place in Chicago, Ill., on Friday, October 26. Dr. H. R. Anderson officiated at the service, and the bride was given in marriage by Vladimir Roising, director of the American Paper Company. She wore a smart ensemble of chocolate brown tulle, with French tulle to match, and a corsage of cream bridal roses. Miss Doreen Davidson of Vancouver, who is also a member of the opera company, was bridesmaid, and chose a graceful frock of blue flowered georgette, with black plush hat and corsage of pink roses. Mr. John Moncrieff was best man. After a honeymoon in Tennessee, Mr. and Mrs. Oberg will rejoin the American Paper Company, of which both are members. The bride is a native daughter of British Columbia and taught in New Westminster school before leaving for New York to study five years ago.

Brussels, Oct. 31.—The betrothal of Princess Françoise, daughter of the Duke of Guise, pretender to the French throne, to Prince Christopher of Greece, was officially confirmed at the Duke of Guise's house yesterday. The date of the marriage will be decided next month. The ceremony will probably be held in Italy.

Prince Christopher has returned to Italy, having obtained the Duke's consent to the betrothal last Friday. It is supposed here that the romance has been blossoming since a year ago when the other daughter of the Duke, Princess Anne, was married to the Duke of Apulia.

It was reported from Rome that the wedding would take place next January at the O'Brien family estate. Prince Christopher is a brother of the late King Constantine of Greece. He married Mrs. W. B. Leeds, widow of the tin plate manufacturer, in 1920. She died in London in August, 1923. Princess Françoise was born in Paris on Christmas Day, 1902.

TO DANCE FRIDAY

Anti-vivisection Bridge—A bridge evening will be held at the home of Mrs. W. J. Bonaville, 1531 Vining Street, on Friday, November 9, at 8 o'clock, in aid of the local Anti-vivisection Society. Friends wishing to reserve tables are asked to telephone to 908R for information.

St. Mary's Guild—The Ladies' Guild of St. Mary's Church, Oak Bay, will hold its Christmas sale of work in the Memorial Hall on November 29. The sale will be opened by Mrs. Curtis Sampson at 5 o'clock.

Nancy Ferguson—who, with her pupils, will contribute Highland dances at the concert to be given in the Quadra Street School on Friday evening, under the auspices of the Quadra P.T.A.

Colwood, Oct. 31.—The Belmont Badminton Club will meet Thursday and Friday evenings in Colwood Hall, when inter-club games will be played. On Saturday evening next the club will visit the Emmanuel Baptist Badminton Club.

Service will be held Sunday morning at St. John's Church at 11 o'clock.

The Optimists will hold their regular monthly meeting Saturday evening, November 3, at the home of Mrs. Harry Parker, the Lagoon. All members are asked to meet at the home of Miss Kelly, "Nightingale," at 730, transportation being arranged.

Knox Ladies' Aid—The monthly meeting of the Ladies' Aid of Knox Presbyterian Church will be held to-morrow afternoon, when all members are asked to turn in their sewing. The G.O.P. girls will meet at the church on Friday at 7 o'clock.

TABLES GOING FOR ANNUAL Y.M.C.A. TEA

Lieut.-Governor and Miss Mackenzie to Be Guests on November 7

With a large number of tables already reserved by hostesses, the success of the annual "Guest Tea" to be held at the Y.M.C.A. on Wednesday, November 7, is already assured, and the Women's Auxiliary under whose auspices it is being held, anticipate a substantial sum for their excellent work as a result.

MUSICAL PROGRAMME
Mrs. J. H. Fletcher, the president, and Miss Agnew will be joint hostesses at the head table, at which there will be about thirty guests including His Honor the Lieutenant-Governor and Miss Mackenzie and the artists who are providing the programme, Mrs. S. M. Morton, Mrs. Fred McGregor, Miss Doreen Wilson. The programme is being arranged by Mrs. J. O. Cameron and Mrs. Gideon Hicks.

Dry-cleaned and Pressed for 10¢ Each

'Never a Pain now'

"I should like to let you know how much I have benefited by the use of Kruschen. For twenty years I was a perfect martyr to sick headache and indigestion, also I suffered agony from pains in my stomach and I could get no relief. Beginning the use of Kruschen I improved steadily and now never have a pain. In fact, I am so well that I can scarcely remember what I suffered. I take Kruschen every morning and give it the entire credit for making me so well, and I just hope other similar sufferers will get the same benefit." J. G. Original letter in file for inspection.

Kruschen Salts

Good Health for Half a Cent a Day. At Drug and Dept. Stores at 25¢ a bottle. Manufactured by E. Grönlund, Ltd., Manchester, England (Established 1756). Importers: McMillan Bros., Ltd., Toronto.

Garden City W.I.—The monthly meeting of the Garden City Women's Institute will be held to-morrow at 2:30 p.m. in the Marigold Hall. After a short business session a demonstration in bread work will be given. A good attendance is hoped for.

Sale Cancelled—The rummage sale arranged by the Ladies' Aid of Emmanuel Baptist Church for Saturday, November 3, has been cancelled until further notice.

MOTHERS And THEIR CHILDREN

PICTURE STORIES FOR CHILDREN

One mother says—I am collecting pictures of noted paintings for my little girl's scrapbook. In order that I may be familiar with each one myself, so that I may explain it to her in simple words—after I have asked her what she sees in it—I have one pinned on the kitchen wall, and as I go about my work I study it at odd moments. Then when the day's work is done I read up about it and the painter.

This is a delightful art review for a busy mother, as well as a preparation for the "picture-story time," at least twice a week. Moreover it is implanting in my little one's eager and receptive mind a love for pictures that are worth while—pictures by old and modern masters of every nationality. And this familiarity with great art will be a pleasure to her.

Y.W.C.A. PLANS SERIES OF HIKES

Rev. Robt. Connell to Conduct Girls on Nature Ramble Saturday

A series of hikes under the personal guidance of Rev. Robert Connell will be one of the many interesting and entertaining features of the winter programme arranged by the educational committee of the Y.W.C.A.

These hikes will be to many of the beauty spots in the vicinity of Victoria, and geology and botany will be studied in these rambles with the prominent naturalist. The first of the hikes will take place on Saturday when all interested girls, irrespective of whether they are members of the Y or not, are invited to join the party, leaving the Y.W.C.A. at 2 p.m. Mount Douglas will be the goal and any one intending joining in the hike is requested to get in touch with the general secretary, Miss Bradshaw, 4690, in order that arrangements may be made for transportation.

The programme arranged by the educational committee is a comprehensive one and include courses on such a variety of subjects as home economics, interior decorating, the art of dressmaking, book reviews and current events.

NANCY PAGE

THERE NEVER WAS SUCH A PUMPKIN PIE

By Florence La Ganks

When Nancy looked over the food bills for the month of September she found she had been most economical. She felt that she could splurge and do a little entertaining in October. She wanted to give a dinner for Peter, wanted to have a Halloween party and she particularly wanted to try a new recipe she had been given for pumpkin pie. It is not a poor man's pie. But, as Nancy said, "How can you expect foods to taste good if the ingredients

Mr. Peter proclaimed it the best he ate not rich in the first place. These ingredients were rich, but the pie, oh

Your Baby and Mine

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

TWO EARLY SYMPTOMS OF RICKETS

Mrs. L. S. writes:

"I have a baby girl five months old. She weighed nearly nine pounds when born and now weighs fifteen and one half pounds. She is bottle fed and gets six ounces at each feeding, every three hours in the day.

"She is trying to cut teeth, her bowels are regular and she sleeps well, but her head sweats, even though I dress her lightly and keep her cool and not in a draft. Nothing I do seems to help. Her head is wet most of the time.

"Her stomach has been very large for a long time. She had trouble with her navel at six weeks, but this is perfectly well now. What would make her stomach so large? I have given her orange juice and water besides her bottle. When and what shall I begin feeding her?" ANSWER

I am afraid you make the mistake so many mothers do when they write to me. They say "I am giving the baby a bottle" but the important

thing is what is IN that bottle. It may be good food or bad, insufficient or excessive in amount.

Your baby has two early signs of rickets, head sweating and an over-large abdomen. The gain has not been good considering the excellent birth weight, and the child should have had either cod liver oil, or something like Summer and be taking cereal, beginning the fifth month.

The most important thing is to correct or alter the milk formula and be sure and give cows' milk, sweet or soured with lactic acid, or baring that possibility, evaporated or dried milk, plus the proper fresh fruit juices, and cod liver oil.

Rickets is not a serious ailment unless it is allowed to go uncorrected and now is the time to take it in hand. "All babies who perspire when nursing are not suffering from rickets, but when a child is kept cool and still sweats constantly, as does this baby, the symptom is too marked to be disregarded, especially when it goes hand in hand with an insufficient gain in weight, and the over-large abdomen. I am mailing you my feeding leaflet which, I believe, will be very helpful to you.

When you write me, mothers, be sure and tell me exactly what you are feeding the baby, when he is bottle fed, for unless I know that, I am compelled to write just generally, and it is specific help that most mothers need when they write to me personally.

Island Pirates 43 to 3. The second game was more interesting. The Island Monobels defeating Victoria Crescents 16 to 15. After the game refreshments were served, and a dance held in the Moore Club.

On Saturday afternoon the Bapeo Football Club were the visitors who came in the hopes of breaking the Island team's run of success, bringing a lot of supporters with them to cheer them on their way. The Islanders sent them down to defeat by goals scored by Bond, Fields, Ross and Mercer. The Island team have got through the first half of the Victoria and District League without losing a game and having no goals scored against them.

Under the auspices of the Athletic Club, a Halloween dance is to be held in the hall of the Moore Club on Saturday next. The Melodians of Victoria will supply the music.

There is great excitement among the school children these days over preparations for their annual masquerade party, which will take place on Friday evening.

WINS AUDITION STATE CONTEST

Miss Merle North, daughter of Mr. and Mrs. W. V. North of Sumas Street, Victoria, a former pupil of Mrs. Eva Baird, has won the Washington State section of the national radio audition finals in the women's class and will now enter the Pacific Coast finals to take place shortly in San Francisco.

Naming of the winners followed close tabulation of approximately 2,500 votes from radio listeners, which counted 90 per cent, and the ballots of fifteen judges scattered all over the state.

James Island

An enjoyable evening was spent at the home of Mr. and Mrs. Brown on Friday last, when a few of their friends paid them a surprise visit, the occasion being Mrs. Brown's birthday. The evening was spent in games and cards. The self-invited guests were: Mr. and Mrs. Cullum, Mr. and Mrs. Taylor, Mr. and Mrs. Willmott, Mr. and Mrs. Lallie, Mr. and Mrs. Mawhinney, Mr. and Mrs. Troup, Mr. and Mrs. Goldie and Mr. and Mrs. Patterson.

Miss Ruth Richards, who is in training at the Vancouver General Hospital, is at home for a few days, being called here by the illness of her mother.

Mr. and Mrs. Sewell of Victoria were the guests of Mr. and Mrs. Lallie over the week-end.

Mr. and Mrs. Tronson of Gordon Head were visitors at the home of their son and daughter-in-law, Mr. and Mrs. C. Beltridge.

Two basketball games were played here on Saturday evening. The Nuggets from Victoria defeating the James

"GET MARRIED" IS HER ADVICE

London, Oct. 31.—"You are all young and in a few years' time you will be married. Don't remain an old spinster like me. You get tired of it, although it's all right when you are young. When you are getting on a bit, it is then that you would like a man to look after you."

These remarks came from Miss Margaret Bevan, Lord Mayor of Liverpool, when she bade farewell to 100 girls going out to Australia under Salvation Army auspices. Among the Lord Mayors of great cities here who will retire on November 1 none has had a more successful year of office than Miss Bevan. Miss Bevan is the only

woman yet to have been called to such an office in one of the great mercantile cities, although Norwich, one of the most ancient cities in the country, had the privilege at an earlier date of having a woman as Lord Mayor. For many years Miss Bevan has devoted herself to good works on Merseyside, and her care for children has earned for her the title of "Liverpool's Little Mother."

Miss Bevan added: "You are all going out to a new land to take up domestic service, and I don't think you realize how much you count. I know how much, and I am going to have a reception at the Town Hall for the domestics of this city. Domestic workers are the bulwarks of the home. It is not a poor service by any means. It is one of the highest orders in the land."

One of the first women lawyers in the United States was Miss Florence Cronise of Philadelphia, now past eighty-three years of age. She practiced until two years ago, when she was compelled to retire due to failing eyesight.

Because of her keen knowledge of politics, Mrs. Louise M. Dodson, former County Recorder of Des Moines, Iowa, has been appointed head of the women's division of the Chicago office of the Republican National Committee.

MISS VOLSTEAD BECOMES BRIDE

Daughter of Prohibition "Father" Married to Alaskan "Reindeer King"

St. Paul, Minn., Oct. 31.—Miss Laura Ellen Volstead, daughter of former Congressman A. J. Volstead, author of the Prohibition Enforcement Act, was married yesterday to Carl J. Lomen of New York and Nome, Alaska.

Mrs. Mabel Walker Willebrandt of Washington, D.C., assistant attorney-general of the United States, a former classmate of the bride, was the matron of honor, and Miss Volstead's only attendant. Mr. Lomen was attended by Roy V. Squires of Chicago.

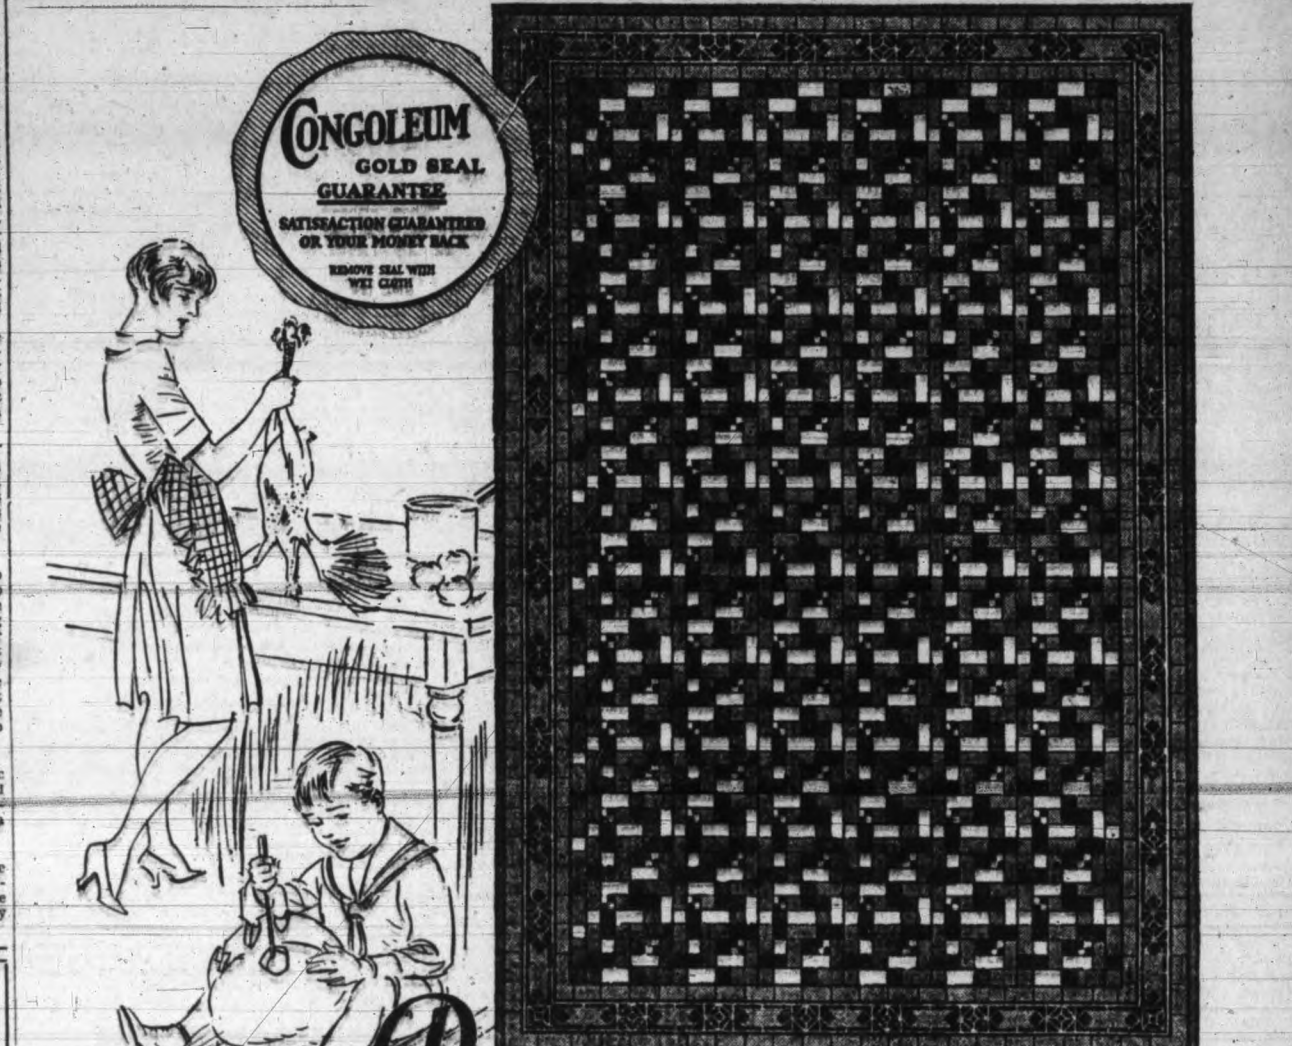

The wedding took place in the House of Hope Presbyterian Church, which was decorated with pale pink and white chrysanthemums and white candles.

Miss Volstead has lived with her father here for some time. She is a graduate of the College of Law at George Washington University, has

been admitted to the bar, and has been prominent in women's activities.

Mr. Lomen, known as the "Reindeer King" of Alaska, won international attention in 1924 when he led an expedition to Wrangell Island in the Arctic, on behalf of Vilhjalmar Stefansson. He spends much of his time in New York, where the couple will make their home.

Enameled furniture is nice for a child's room as it can be cleaned so easily.

Put new charm in the Kitchen!

Attractiveness in the housekeeper's "work-room" is important... bright cheerful atmosphere tends to make her duties seem lighter, and what better and more inexpensive way to introduce new charm than the new Congoleum Gold Seal Rug patterns...

The "Multicote" longer-wearing pattern is easily cleaned... dirt, spilled things or foreign matter of any kind cannot stain the waterproof surface... a simple rub-over with a damp mop and the beautiful pattern is instantly fresh and clean.

Genuine Congoleum Gold Seal Rugs are surprisingly low in cost... only \$6.65 for a 9 x 6 rug... guaranteed by the Gold Seal to your "Satisfaction or your money back."

LOCAL CHOIR CAPTURES SEATTLE TROPHY

The Schubert Club, of which Frederic J. King is honorary conductor, added to its many laurels last night by capturing the women's division prize in the choral contest which featured the opening of the two-day festival in the Seattle Civic Auditorium. The local choir scored first place against three other choirs, securing a net total of eighty-eight points as against the eighty-one scored by the next competitor. The judges were Karl Kreuer and C. E. Keeler, Seattle, and F. Chubb, Vancouver. The Schubert Club deserves every congratulation upon the musical distinction it has brought to Victoria. The majority of its members are either married or business women and the many hours they give to rehearsals represents a considerable sacrifice. Their various successes have been won through their hard work, backed by an unconquerable enthusiasm and real love of music. This was their first venture to the United States and was made possible through the support accorded by Mayor Carl Pandray. Previously the choir had won all the major honors at the Victoria and Vancouver musical festivals.

Whisperings Claim Jack Dempsey and Firpo Will Return

Old "Manassa Mauler" Is Getting Restless and Has Set \$500,000 As the Price For His Services In Ring; Tex Rickard Punch Shy of Making Any Guarantees; Firpo Is In Training For His Coming Bout With Jack Renault and Roberto Roberti; Both Firpo and Dempsey Are Wealthy Men

New York, Oct. 31.—Ears that listen at cauliflower keyholes are tingling these days to whisperings that indicate the return of Luis Angel Firpo, prosperous business man of Buenos Ayres, and William Harrison Dempsey, actor and California real estate magnate, to the more rugged lines of endeavor they knew before affluence set in.

Dempsey, led to believe that he possessed the qualities of a great Thespian and convinced that he never could whip Gene Tunney in a dozen comebacks, announced last Spring that he was "through" with the prize ring forever. Yesterday his stage bubble burst, the contract he signed for \$5,000 a week for twenty weeks in a Broadway play has been cancelled. Tunney has passed from the ring picture and Dempsey, twice whipped by the marine, is listening to daily advice and pleas that he don the padded mittens just once more to save the heavyweight ranks from utter stagnation.

RICKARD GUN-SHY

The old man mauler, despite his thirty-three years, is wavering. Tex Rickard won't talk, but Jack is believed to have set a \$500,000 price tag on his services for one more battle. The mogul of Madison Square Garden is gun-shy now when requests for guarantees of that kind are shoved in his face. Tex still is a bit punch drunk from the financial beating he took when he guaranteed Tunney \$500,000 for blasting Tom Heeney before a crowd that paid little more than that to view the tid-bit of the Summer season.

DEMPSEY RESTLESS

Dempsey yesterday was restless. He believes and maintains that he never will fight again. But he is listening, arguing with those who try to convince him that the distillate is due to the absence of his own colorful, dynamic box office appeal.

The case against Firpo, the shaggy-haired bull, who lost the greatest of modern ring bouts to Italian giant, 1925, is more obvious. Firpo actually is trying in South America, whittling away flesh from a body grown huge and soggy since he retired to a life of physical leisure in 1925. He has contracted for two matches, and is negotiating for a third. Rickard has made him an offer to fight here. Firpo insists on finding out what fighting ability he has left before accepting.

FIRPO TRAINING

Jose Lectorre, Argentine promoter, returned to Buenos Ayres Saturday after announcing that he had clinched matches for Firpo with Jack Renault and Roberto Roberti, the Italian giant. Firpo has taken off fifty pounds in several months of training, he said, and now scales 240, about twenty pounds above his best fighting weight. The Renault match is scheduled for January, while Roberti would meet Firpo after two other matches in the stadium seating 30,000 at Buenos Ayres.

To Hold Caddies' Tourney Nov. 10 At Victoria Club

The Victoria Golf Club annual caddies' competition will be held at Oak Bay on Saturday morning, November 10.

The competition will consist of eighteen hole medal play with full handicaps allowed. The winner will receive the Milbank Cup and will hold it for one year or until the competition is next played. He will also receive a miniature presented by Mrs. Milbank and in addition will be awarded a money prize. There will be a number of other money prizes and several special awards.

Caddies who have not already entered should put in their entry at once to Phil Taylor, the club pro, who is arranging the handicaps and will have charge of the competition. A number of lady members of the club have very kindly offered to score for the boys, but more will be required and those wishing to assist are requested to notify Mr. Taylor by telephone or otherwise.

The drawing will be made on Thursday, November 8. The competition was won last year by A. Rogers with a net score of 78. B. Stokes was second with a net score of 80 and Tom Rogers was third with a net of 82.

J.B.A.A. PRACTICE

A practice of the J.B.A.A. rugby team will be held to-morrow night at the Gorge clubhouse. All players are requested to attend.

RETURNS TO COAST

HEC FOWLER

Former goalie with the Victoria Comets in the old Pacific Coast Hockey League, has been signed by Joe Gangulish to play goal for the Oakland Club in the new California League. Fowler has done little playing since leaving the Victoria Club.

FINE SCORES IN GOLF PLAY

Three Tie For Honors in Qualifying Round of Southern California Open

Los Angeles, Oct. 31.—Par-breaking cards of 35 were turned in by three golfers, resulting in a triple tie for the first place in the first eighteen holes of qualifying play in Southern California open golf championship.

A per-equalizing card was turned in by Pat Lambert Jr., Hywood, Cal., Country Club professional, who clubbed out in 37 and made the home journey in 35.

Five tied with 73—Harry Cooper of Buffalo, N.Y.; Tom Stevens, California Country Club; Hutt Martin of Nevada; W. L. "Wild Bill" Jellison, Los Angeles, and Art Nelson, Los Angeles, each completed the eighteen-hole round in that figure.

The defending champion, Willie Hunter of Los Angeles and former British amateur king, was forced to share with four others the 74 stroke position. Others included Charles Chung of Redlands, Cal., former Hawaiian champion.

RIFLE SHOOTING

Indoor riflemen should have an excellent season this year if they improve upon the scores made in the practice shoot held in the Armory, Gunners Hall and Carey both made possible, while Sgt. Major Jack Maxwell and Gunner Dennison of the 58th Battery both made 48 points.

Many other fine scores will be seen in the complete list which is as follows:

58th BATTERY
B.G.M.S. Maxwell 48, Gnr. Dennison 48, Capt. Gadsden 47, Gnr. Turner 47, Gnr. Newman 47, Gnr. Babey 46, Sgt. Pretwell 46, Capt. Weldie 44, Gnr. Norrington 42, Gnr. Swetnam 42, Gnr. Settersington 42, Gnr. Randall 42.

ANTI-AIRCRAFT
Lieut. Fort 48, Sgt. Phillips 43, Q.M. Morry 43, Bdr. MacDonald 43, Bdr. Cheetham 38.

12TH SIEGE
Sgt. Sullivan 46. Also shot: Gnr. Hall 50, Gnr. Carey 50, Sgt. Dunneil 48.

SUSPENSION IS FACING STARS OF N.H.L. TEAM

Darragh, Milks and Worters Must Sign To-day or Stay Out of Hockey

Worters Offered \$5,000 Contract; Black Hawks and Rangers in Training

Pittsburgh, Pa., Oct. 31.—With to-day set as the final day of grace for holdout players of the National Hockey League by President Calder, the Pittsburgh Pirates and Benny Leonard, the team's new owner, still were without the signed contract of three star players, Darragh, Milks and Worters.

Leonard to-day said he was through catering to the trio. "They either come in to-day and sign or they are out of hockey for 1928," the former lightweight champion of the world said.

Worters who is credited with being the best goalie in the professional ranks, received \$4,000. For this season he demanded \$8,000 and Leonard offered \$5,000. Darragh and Milks were offered substantial increases over their last year's salary but each refused to accept them.

If the trio are not signed before midnight to-night they automatically suffer suspension through President Calder's ultimatum.

LACK OF ICE

Chicago, Oct. 31.—The Chicago Black Hawks moved south to St. Louis to-day in search of ice on which to complete their training for the coming hockey season.

The Black Hawks have been undergoing a general conditioning course for the last ten days.

The move to St. Louis for the rest of the training period was necessary because of the lack of permanent ice in Chicago. Captain Dick Irvine was included in the squad as the club's physician pronounced the Hawk's fleet wing man entirely recovered from a fractured skull received last year. There was some question whether the veteran star would be able to play again.

All the squad has reported but Johnny Gossel, who was held up at the Canadian border by immigration officials. The squad of sixteen will be out to twelve in a few weeks.

Springfield, Mass., Oct. 31.—With the arrival in camp of John Ross Roach, goalkeeper, and Myles Lane, defenseman, of Dartmouth University, the New York Rangers have completed their personnel for the coming National Hockey League season. Yesterday Manager Lester Patrick sent his team against the Springfield team for an interesting workout, considering it was the first time on skates for the players this season.

Detroit, Oct. 31.—Five hockey players of the Detroit National Hockey Club are holdouts, and unless they sign their contracts to-day they face suspension by the league president, Charles A. Hughes, Detroit Hockey Club president, announced.

The holdouts are: Lawrence Aurie, "Puss" Traub, Carson Cooper, Jim Herberts and "Dolly" Dolson. All but Dolson are in Detroit and have been working out with the team. Dolson is in Stratford, Ont.

Hughes said all of the players have been notified that if they do not sign to-day they will be suspended from organized hockey and will have to take the matter up with Frank Calder, president of the league.

Ray Shows His Heels to Ouafi

Philadelphia, Oct. 31.—Jole Ray, United States star, last night showed his heels to El Ouafi, French-Algerian Olympic marathon champion, and two other middle distance stars in a six-teen-mile indoor race at the Arena.

Ray's time was 1 hour 27 minutes 18-5 seconds. He finished four and one-half laps ahead of El Ouafi, with Ken Mullen, Philadelphia, third, and Willie Kohlenstein, brother of Hans Kohlenstein, former Olympic marathon champion, fourth. Ray established what was claimed to be a new world's indoor record for fifteen miles, having been clocked in 1 hour 22 minutes and 5 seconds.

Will Hold Benefit Dance For Injured Footballer Thursday

An excellent programme has been arranged for the Stanley Davies' benefit dance, which is to be held to-morrow night in Temple Hall, North Park Street, by the Five C's Football Club. A first-class orchestra has been secured and an active committee has made fine arrangements to ensure the success of the affair.

Stanley Davies was the Five C's goalkeeper who broke his leg while playing at Hampton Road at the beginning of the season. A large crowd of sport enthusiasts is expected to attend the function, the proceeds of which will be used to defray the hospital expenses of the injured player.

Is Followed By Persistent Jinx

New York, Oct. 31.—Joe Dundee's efforts to defend his welterweight championship in the ring at Madison Square Garden still are pursued by one of the most persistent jinxes in ring history.

For a full year now the Baltimore Italian has been under contract with Tex Rickard to risk his laurels. For months Ace Hudkins was picked as the battler, and then the Nebraska withdrew to mingle with middleweights. Joe then hurt his arm and couldn't find Sammy Baker. Nick Testa, of Troy, N.Y., and Young Corbett, California southpaw, failed to survive acid tests.

Now definitely slated to meet young Jack Thompson, San Francisco negro who knocked him out in a non-title fray, Dundee notified the New York State Athletic Commission yesterday that he cannot go through with the match November 16 due to an infected elbow. Dundee offered medical statements to prove that he had submitted to a minor operation just before the infection spread widely enough to endanger the entire arm.

He will be out of action at least six weeks. In Dundee's place the Garden management hopes to sign Jackie Fields, winner of the match in Los Angeles last night over Sammy Baker, with Thompson. The match may be set ahead to November 30 to allow sufficient preparations, with a bout between the lightweights Joe Gillick and Baby Joe Gans taking over the November 16 date. Dundee promised the commission he will defend his title against the elimination winner here before battling anywhere else.

HOOP TEAMS TO PERFORM

Four City League Games Scheduled To-night at Centennial Gymnasium

Four good games are scheduled to-night at the Centennial gymnasium in the Victoria Basketball League. The intermediate "A" game between Victoria's Super Service and Victoria College should provide the fans with some of the best ball of the year. The games have just begun to hit their stride, and will give College a great game.

Two senior "C" men and one ladies' game complete the following: 7:00 p.m., Intermediate "A"—College vs. Victoria Super Service Station. 7:30 p.m., Ladies "B"—New Method Laundry vs. College. 8:15 p.m., Senior "C"—Normal vs. Fours.

9:25 p.m., Senior "C"—Y.M.I. vs. James Island.

Fight Card For Saturday Night Announced To-day

Joe Bayley announced that his complete card of events for Saturday night at Sons of Canada Hall will be as follows:

Four rounds, 115 lbs.—Jumbo Davies vs. Billy McBeigh, Vancouver. Four rounds, 125 lbs.—Able, Davies vs. Bobby Burns, New York. Semi wind-up, four rounds, 133 lbs.—Dave Lewis vs. Jackie Knott, Vancouver.

Main event, ten rounds, 130 lbs.—Tommy Fielding, Victoria, vs. Hector McDonald, Vancouver. Seats for the bouts are now on sale at Two Jacks, The Bull and Empire Cigar Store.

Skalk May Go To Detroit Club

Chicago, Oct. 31.—Ray Skalk, former manager and catcher of the Chicago White Sox, is believed yesterday that he might join the Detroit Tiger's next year. Skalk said he had been negotiating with several league club managers and had discussed the subject with Stanley Harris manager of the Tigers.

"I have nothing definite to say now," said Skalk. "However, I expect to be with some ball club next season."

SOCCER TEAMS MEET IN SECOND HALF OF LEAGUE

Victoria City Who Top Averages By One Point to Meet Saanich Thistles

Westies Will Take on Westholmes; "Scotty" Robinson Draws Suspension

First Division soccer teams will play Saturday in the first games of the second half of the league schedule. At the conclusion of the opening half, Victoria City held the league leadership by a one-point margin over the Victoria Wests.

The City have yet to suffer their first defeat. The only point the City have dropped in a drawn game with the greenhorns. The Wests have played two drawn matches.

Saturday's programme is as follows: Victoria City vs. Saanich Thistles, at Beacon Hill. Equibal vs. Five C's at Central Park.

Victoria Wests vs. Westholmes at Hampton Road. All games will start at 2:45 o'clock. With one victory chalked up over the Thistles, the City will attempt to make it two straight. The Saanich eleven, however, are strengthened since the start of the season and should now be able to give the league leaders a tough game.

DOCKERS SHOULD WIN. Equibal should not have much trouble with the Five C's although upsets often happen. The Five C's have done very poorly so far but they hope to give a better account of themselves in the second half.

Hanging right on the heels of the City the Wests count on grabbing two points at the expense of the Westholmes club. The greenhorns will be without the service of two of their mainstays. Bob Whyte has decided to hang up his legs for good, while "Scotty" Robinson is under suspension for two weeks.

One week from Saturday four of the First Division clubs will meet in the semi-finals of the Milton Cup knockout series. The Victoria Wests, who last week eliminated Equibal, will meet the Five C's at the Royal Athletic Park, while Victoria City and the Saanich Thistles are scheduled to play at Beacon Hill.

ROBINSON SUSPENDED

For disputing a referee's decision during a game between the Victoria Wests and Victoria City at Beacon Hill on October 20, "Scotty" Robinson, member of the former club, was handed a two weeks' suspension by the Lower Island Association at its meeting held last night.

"Toots" Plump, another member of the Wests' team, will receive a warning from the board, for talking to the referee during a match.

Roughriders May Represent West

Toronto, Oct. 31.—With the end of the Eastern Canadian Rugby season approaching attention is focused on the probable Dominion finalists.

It is likely the Regina Rough Riders will come East unless the University of British Columbia composes differences with the Western Canada Union, and agrees to meet Regina for the Western title. In the East, Queen's University of Kingston, or Hamilton Tigers of Balmy Beach, Toronto, last year's winners, are looked upon as the most likely candidates for the playoffs.

British Columbia University professes to make University of Manitoba or some other college team their Thanksgiving Day opponents, the day set aside for the Western Canada finals between Regina and British Columbia University. If the British Columbia team refuses to play, Regina will make the Eastern invasion.

Chicago, Oct. 31.—Results at the Hawthorne track here yesterday follow:

First race—Hawthorne course: Zaca-weeta, \$5.04, \$3.20, \$2.35; Pugnacious, \$21.26, \$7.26; Braggadocio, \$3.99. Time, 1:16 2-5.

Second race—Hawthorne course: Hawkshaw, \$5.56, \$3.74, \$2.94; The Padre, \$10.10, \$6.78; Oriskany, \$3.92. Time, 1:12 2-5.

Third race—Hawthorne course: Theo Fay, \$5.38, \$4.08, \$3.38; Oatie H., \$7.40, \$4.96; Sancton, \$5.12. Time, 1:13 3-5.

Fourth race—Hawthorne course: Windy City, \$4.46, \$2.78, \$2.36; Captain J. S., \$3.84, \$2.94; Lillian T., \$3.18. Time, 1:15 1-5.

Fifth race—One mile: Mally Jane, \$5.06, \$3.70, \$2.66; Montanaro, \$4.80, \$2.90; Seth's Hope, \$2.52. Time, 1:38.

Sixth race—Hawthorne course: all ages: McConigle, \$28.15, \$11.86, \$6.96; Dolly Polly, \$27.56, \$15.86; Immermore, \$5.82. Time, 1:16 1-5.

Seventh race—Mile and an eighth: Ralph Hartenstein, \$2.04, \$1.14, \$2.36; Head Cover, \$5.72, \$3.36; Priceman, \$4.56. Time, 1:52 2-5.

Ball Teams Expected To Engage In Brisk Session of Trading

Giants Started Ball Rolling When They Exchange Lefty O'Doul For Fred Leach, of Philadelphia; Miller Huggins Plans to Strengthen His World's Champions; Will Trade Ben Paschal For Likely Looking Pitchers; Trade Winds Said to Be Blowing Over Cardinals; Some Doubt As to Whether Bill McKechnie Will Be Manager Next Season

New York, Oct. 31.—Trading Lefty O'Doul to the Phillies for Fred Leach, the New York Giants started a trading season that probably will prove very brisk before the major league clubs assemble five months hence in the south and west for training.

Although the New York Yankees have won two world's series in eight games, Manager Miller Huggins is believed to be spending his time between golf shots at St. Petersburg, Fla., in looking over railway time tables with a view to buying tickets for some of his athletes to cities other than New York.

GOING TO TIGERS?

Ray Schalk

One of the smallest catchers in the major leagues, who has announced that he will most likely play with the Detroit Tigers next season. Schalk is former catcher and manager of the Chicago White Sox.

ADANACS PLAY HERE SATURDAY

Crack New Westminster Basketball Quintette Will Oppose C.P.S.

Conquerors of Varsity and Capitals to Meet in Thriller

Victoria basketball fans will be given their most exciting game of the year when the New Westminster Adanacs stack up against the C.P.S. Huinkies Saturday night.

The boys from New Westminster have always had an exceedingly strong team, and judging from their game with Varsity last Saturday this year's team is up to the usual standard.

C.P.S. CONFIDENT. The lumbermen from Victoria feel confident of victory as Varsity took the measure of the Adanacs last Saturday, while the C.P.S. were defeating the Capitals, Varsity's conquerors. The C.P.S. will be represented by the same team which defeated the Capitals.

A STRONG SQUAD. The Adanacs will be represented by: Bill Gifford, centre, chosen last year as an alternative on "Buck" Yeo's All-Star team. He will give "Stew" Skilling of C.P.s plenty of trouble.

Doug Fraser, guard, is equally as good on the basketball court as he is on the baseball diamond, and he can be depended upon to play a good game. Doug was given a place on the All-Stars last year.

A DEAD SHOT. Norm Crane, forward, who led the scorers in the game last Saturday and is a dead shot. Jack D'Easum, forward, also a good shot and a good back-checker. Dick Butler, guard, is an excellent guard and was mentioned by "Buck" Yeo last year.

Besides the above players C. Hood and A. Miller will be along to step in should they be needed. The gymnasium where the game will be played has not yet been decided on, but the City League executive expects to make its decision within the next few days.

Jackie Fields Knocks Out Baker In Two Rounds

Los Angeles, Cal., Oct. 31.—Jackie Fields, flashy Los Angeles welterweight, knocked out Sgt. Sammy Baker in the second round of their ten-round match here last night. The knockout came after one minute and twenty seconds of fighting in the second round. Fields had held the lead in the battling. A terrific left hook landed Baker flat on his back, and he was counted out by the referee.

FACES TOUGH JOB

The Yankees have several players sitting on the bench most of the time who could take their places in the regular lineups of other clubs in the American League. An example is Big Ben Paschal, the well-known garage man of Charlotte, N.C. Paschal can hit, run and throw, three essential assets for an outfielder, but he can not crowd out Babe Ruth, Earl Combs or Bob Meusel.

If the mite manager of the world champions can find some club needing an outfielder and blessed with a fair pitcher as excess baggage a deal might be made. The Yankees infield may see some changes before another season starts. Joe Dugan's place at third base as a regular is not believed to be any too secure although he can remain a Yankee subject to emergency call. Only time will tell how good Tony Lazzeri's arm will be after the Winter's rest and treatment. Dan Howley will trade if the wind is in the right direction, but after his success in his last year's transactions his brother managers are apt to give him a wide berth.

MATCH HIS WITS

Walter Johnson will have a chance to match wits with his new brother manager minds for the benefit of Washington and Stanley Harris certainly would like to do some juggling with the Tigers over whom he has assumed command.

The trade winds are believed to be blowing over that part of St. Louis set aside for the Cardinals, but President Sam Breadon must first say yes to conduct the negotiations. Bill McKechnie has not yet been re-elected for another term. At the same time he has not been defeated for the nomination.

With the Bowlers

Falling to hit their stride until the third game, the Times Comps dropped two of three encounters to the Colonist Typos in the Fivopen bowling fixture held in the Arcade last night. The Times could not make their shots count until the last game in which they defeated their opponents by a thin margin.

Jim Hough of the Colonist took both high game and aggregate scoring honors with totals of 239 and 513 respectively, while L. Colton of the Times was high in a close second with a total of 519 points in the aggregate.

In the other fivepin match the Dynamites took two of three from the Colonist Editorials. D. Clark of the Editorials, was high scorer in both individual game and aggregate classes with 177 and 452 points to his credit.

The Restorer "A" squad defeated the Restorer "B" team in three straight games in the Commercial league fixture. In Gray of the winners was high scorer with a high game total of 186 and an aggregate of 430.

MORE THAN A TOOTHPASTE...IT CHECKS PYORRHEA

1871

He Never Thought of It

Out of his \$10,000 insurance, his widow had to pay:

Taxes and Interest	\$330
Home Mortgage	3,000
A Loan	350
Store Bills	425
D.H.N.	455
Furnishings, etc.	630
Miscellaneous	215
Total	\$5,405

Only \$4,595 was left, barely enough for 2 or 3 years' support. A **clean-up policy** was needed for these debts. Let us help you figure how much you would need.

Border Crossing Privilege Upheld

Washington, Oct. 31.—The District of Columbia Supreme Court yesterday granted a temporary injunction, restraining the United States Labor Department and the immigration service from denying John Graber the right to cross into the United States from Canada at Niagara Falls.

Graber lives in Canada and works in the United States. The courts recently rendered invalid an order of the immigration service permitting such regulations and the Supreme Court of the United States refused to intervene. It is the purpose of the immigration service to maintain its regulations even though court orders at Buffalo and Washington have given individual Canadian citizens the right to cross the border at will. W. W. Husband, Assistant Secretary of Labor, yesterday said it would be the policy to maintain the regulations until the final court decision on the subject had been rendered.

Nursing Record in Two

Continents Hard to Equal
Nurse Waite of New Brighton writes: "While nursing in New York, in my early twenties, I was poisoned by food, my sister nurse recommended your wonderful Vegetable Laxative Pills. 'I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, sick headache and indigestion caused by constipation poisoning.'"

ROTARY HOLDS FINE CABARET

Dinner Dance at Empress Hotel Proves Happy Party

An excellent programme featured the cabaret dinner dance held by the Rotary Club last night at the Empress Hotel. The large attendance included members and their ladies and friends and visitors from other service clubs. President Herbert Anson acted as chairman.

The programme included songs by Miss Doris Bradshaw, doll dance by Miss Berna Waring, song and dance numbers by Misses Dorothy and Olive Hartree and a song and dance act by a chorus including the Misses Margaret Adam, Faith Monk, Beatrice McMillan, Justa McKenna, Jean Moody, Marjorie Raymond, Grace Humber and Doris Bradshaw.

STEALING?
A highly successful stunt was presented by four Rotarians, when two members were eluded to be found stealing. After a tumultuous chase by two uniformed constables it was revealed that the stolen property was advertising material for the forthcoming ice carnival.

TO ENTERTAIN EARLY PUPILS

Craigflower School Reunion Is Planned

A reunion of pupils of Old Craigflower School is being organized by the trustees in charge of restoration of the building, as a feature of its establishment as a memorial to the early days of Vancouver Island, when the school was the only educational centre on the Northwest Pacific Coast.

The committee is confining this first reunion to persons who studied at the school between 1856 to 1890. The gathering will be held at the close of November, and already nearly 100 names of ex-students have been filed with the entertainment committee headed by Miss Lottie Bowron. Names of eligible persons not yet registered will be welcomed by the committee.

The programme of entertainment is now being prepared by the committee, which includes representatives of the Native Sons and Native Daughters of British Columbia, with delegates from public bodies interested in the preservation of the old school.

BRENTWOOD HOLDS GAY MASQUERADE

Colorful Costumes Make Brilliant Picture at Hallowe'en Celebration

Brentwood, Oct. 31.—The Institute Hall, Brentwood, was the scene of a merry gathering on Friday night when the pupils of the West Saanich School held their annual Hallowe'en masquerade party. The hall appropriately decorated in time-honored emblems of Hallowe'en, with streamers of black and yellow, was a fitting background for the fairy-like scene presented by the children in their many and varied costumes. The judges, Mrs. R. J. Parsell, Mrs. Aurelie and Mrs. J. Osborne, had a difficult task in picking out the winner, but eventually the prizes were awarded as follows: Seniors, best dressed girl, Diana Clayton, who wore a dress with a fitted

basque, bustle and trailing skirt, which had been her grandmother's; best dressed boy, Darryll Woodward; page; best Hallowe'en costume, 1. Joyce Thomson, witch; 2. Charlie Sluggert, black cat; best national costume, 1. Dorothy Sluggert, Bedouin; 2. Ryna Broadhurst, Hawaiian girl; best original costume, Ken Thomson, cave man; best comic costume, Clifford Sluggert, colored gentleman; nursery rhyme, B. Wodehouse, Puss in Boots; special prizes, 1. Phyllis Sluggert, night; 2. Wynonia Woodward, folly.

Junior's best dressed girl, Joyce Carter, lady of eighteenth century; boy, Jim Watt, gentleman, eighteenth century; best flower, 1. Ina Hunter, pansy; 2. Cathie Johnston, rose; best sustained character, 1. Lorna Thomson, crinoline; 2. Lloyd Evans, tramp; comic, 1. Richard Creed, "Farmer John"; 2. Evelyn Snider, "Old Dutch Cleanser"; best original costume, Gordon Sluggert, firecracker; special prizes, green fairy, Baby Youn; pink fairy, Kathleen Ryan; Autumn leaves, Lillabel Brandon.

The prizes were presented by Mrs. Parsell and each child was given a present from the banquet, and a gaily-colored balloon. A candy scramble also added to the children's delight.

Supper was served in the dining-room, to both children and adults.

A guessing contest for the grown-ups was won by Miss Myrtle Snider and Mr. Harding. H. A. Blakey made an efficient chairman.

The school committee of the Institute, under the convener of Mrs. Watt, and the teachers under Miss Anderson, deserved great credit for the success of the affair, the proceeds will go to the fund already started for the playhouse.

Mrs. Arthur, of Vancouver, who has been the guest of her sister, Mrs. D. Woodward, left on Saturday for her home.

Two city teams and the Keating Seniors played the locals at the West Road Hall on Friday night in the opening games of the basketball season. The first game was between the Harmony and West Road ladies, and was won by the Victoria team by a score of 34 to 12. The players were: Harmony, I. Alexander, R. Foubister, A. Hall, E. Matthews, B. Armstrong, J. Speed and A. Woods. West Road, D. Handy, V. Handy, F. Anderson, M. Murdoch, M. Peden and M. Clow. Intermediates: De-Dee, E. Gibson, J. Cadell, W. Johnson, D. McKenzie, D. Brown, 18. West Road, C. Buller, R. Anderson, C. Sluggert, S. Shiner and S. Bickford, 15.

Seniors—Keating—J. Bates, R. Mitchell, C. Cunningham, R. Bagley, M. Atkinson, A. Styan, 66. West

Roads—H. Tubman, C. Sluggert, A. Bickford, T. Peden, P. Lennon, 23. Refreshments were served after the game by the committee. At the next games, to be played on Friday, November 9, a dance will follow and refreshments will be served.

Mr. and Mrs. Dyke and daughter motored up from Salem, Oregon, arriving on Sunday on a visit to Mr. and Mrs. A. E. Hole, Clarke Avenue.

Man States He Was Taken Across Border

Malone, N.Y., Oct. 31.—Howard James King, appearing as a witness at the first session of a habeas corpus action before Federal Judge Frederick E. Eryau, yesterday testified four United States immigration officers had arrested him on a charge of smuggling aliens while he was on Canadian soil and dragged him across the border.

King was arrested September 13 as he left a store at Toland's Line, a few miles north of Chateaugay, N.Y. The store is located exactly on the border line with a door opening to the north in Canada and one to the south in the United States. King testified that at the time of his arrest he left the store by the north door and that as he stepped out of the building, a United States immigration officer seized him.

Lower Duty On Sewing Machines Now Advocated

Ottawa, Oct. 31.—At yesterday's session of the Tariff Board here R. H. Jenkins, M.P. for Queen's, P.E.I., sponsored an application for a heavy cut in the present tariff of thirty per cent on sewing machines. He was supported by R. J. Deschamps, representing the Consumers' League of Canada. There was no opposition to the reference.

Mr. Jenkins contended the sewing machine industry in effect was a monopolistic concern which under the prevailing tariff was receiving unjustified protection of the Canadian tariff. He pointed out the price of identical machines were listed at \$37 in the United States as compared with \$50 in Canada. He maintained representatives of the industry should be asked to appear before the board to explain the

reasons for this price discrepancy.

Figures were submitted by F. Chapman, a Government investigator, showing that in many cities of the United States sewing machines were selling below the prices prevailing in Canada.

Made to Wear and give exceptional Warmth and Comfort

"CEETEE" UNSHRINKABLE UNDERWEAR

"Ceetee" is economical because of its exceptional wearing qualities. Warmth—snug fit—comfort—durability—a combination that spells satisfaction.

LET MILTON CLEAN YOUR FALSE TEETH FOR YOU

Get some Milton from your nearest dealer (35¢, 65¢ or \$1. a bottle) and just try it for cleaning your false teeth. You'll hardly believe it possible—the way it gets rid of all food-specks, 'film', grease and tarnish without brushing and without any injury whatever to the denture. Ask your dentist. And, of course, it's death to all germs. This is how you use it:

Overnight. If you take out your plate at night, add half-a-teaspoonful of Milton to the glass or cup of cold water in which you leave it. In the morning rinse it in clean cold water. Or in the Morning. If you sleep with your false teeth in, put them, on rising, into a glass containing equal parts of Milton and warm water (just enough fluid to cover the plate). When you are dressed, take them out, rinse and wipe.

WHILE YOU'RE ASLEEP OR BUSY DRESSING.

Births, Marriages, Deaths

DIED
WILSON—On October 28, there passed away very suddenly at the family residence, 1413 Denman Street, Harry Milton Wilson, beloved husband of Mrs. May Wilson. The late Mr. Wilson was a native of San Francisco and aged 50 years 11 months and the son of the late Mr. Peter Wilson and Mrs. Jeannette Wilson. He leaves to mourn his loss his widow, two daughters, Constance and Ellen; also many friends who will regret to hear of his sudden demise.

The remains are resting at the Thomson Funeral Home, 1023 Quadra Street, until Saturday morning, when they will be conveyed to this late residence, 1413 Denman Street, where service will be held at 2 o'clock, when the Rev. P. T. Tappert will conduct the service and the remains will be laid to rest in the family plot in Ross Bay Cemetery.

CARD OF THANKS

Mr. A. Chisholm of 640 Commercial Street, and family desire to express their appreciation to the many friends for the expressions of condolence and for the many beautiful flowers sent during their recent sad bereavement.

NORTHERN B.C. MINE AREA INCREASED 30 PER CENT IN SIZE BY 1928 OPERATIONS

Stewart, B.C., Oct. 31—From a mining standpoint it can be confidently asserted that tremendous strides have been made during the past season in all sections of the district, almost entirely traceable to the so-called stock boom of last January and February, enabling a large number of the smaller operations to secure substantial sums for development, and the encouragement thus given was reflected throughout the entire mining fraternity, says The Stewart News in a special review of developments of the 1928 season in the Portland Canal area.

This resulted in much extensive and intensive prospecting on the part of the prospectors, with the result that the territory being explored and prospected was increased in area, very materially, possibly almost thirty per cent, and a large number of new prospects located.

The area now under examination for mineral deposits can be viewed as a triangle, with its apex 30 miles south of Stewart and gradually broadening out to a base 50 miles long, 35 miles north of Stewart.

STUDYING GEOLOGY

As a result of developments during the past few years, the geology of the district and the occurrences herein are becoming to be better understood, resulting in simplifying the search for ore bodies. While this is the case, it must not be overlooked that nearly every section of the district differs from the other, and there is still a tremendous amount to be learned by the technical men. This will only be made possible by time, study and observation. There is not a question but that as each year succeeds the other, technical men are predicting a great mineral future for the district.

GREAT DEVELOPMENT

Speaking of actual development, the most spectacular at the moment possibly, is the tremendous work carried on by the Premier Gold Mining Company.

CONSOLIDATED ACTIVE

Another salient feature of development is the operations of the Consolidated on the Gorge Copper and Big Missouri properties, which are carrying out waterfalls to the end of securing still further holdings.

IN CONNECTION WITH CONSOLIDATED

operations, while there is made definite as yet, still there are grounds for accrediting the rumors circulated locally to the effect that the Consolidated may possibly take over the low grade discoveries recently made by Tim Williams and Charles Knipfle, somewhere in the Bowser Lake district on the east side of the mineral belt.

EXAMINATIONS, WHICH ARE REPORTED AS

being made now, are satisfactory, this will most certainly mean a tremendous amount of work, and it is of which Stewart is the centre, as a good many miles of new trails will be necessary to get into this new property, and will be the most definite indication in extending the prospecting and exploration of the mineral belt along its strike northward toward the Skine, a matter of several hundred miles, and a long way toward many times multiplying the size of the area now being subjected to exploration and development.

A SIGNIFICANT FEATURE OF CONSOLIDATED DEVELOPMENT IS THE FACT THAT

after taking over the Gorge Copper, efforts were made locally to secure this company's support and influence to the end of having the wagon road extended up Bear river to the Gorge Copper property, which local effort was nullified by the attitude of the Consolidated at that time, which unofficially was that they were not justified in requesting the government for any such expenditure until such time as their developments on the property gave some assurance that a road would be needed. Now, the interesting feature of this is that within the last two weeks, without any special representations to the Provincial Government to have this road rushed, and completed as far as possible this Fall. On the face of it, this could be considered a definite indication that the rumors circulated for some time in connection with the satisfactory developments on the Gorge Copper are justified and grounded in fact.

BIG MISSOURI HIGH-GRADES

Another development of equal importance in the district is the location of high grade values at depth in the Big Missouri. Even if, as stated, these occurrences are narrow, such in no way detracts from their importance. After years of development and study by some of the most eminent men known in the mining profession, and contrary to the theories of some of them, the discovery mentioned shows that the ore bodies of the Big Missouri go to depth. Having made this discovery at depth, in one instance at any rate, it is safe to assume that the ore bodies on the property also go to depth, and from this, one can anticipate Big Missouri one day making a big producer.

ANOTHER THEORY EXPLORED

In the fore part of the season it was commonly accepted among

PAPER SITUATION WEAK IN EAST

Montreal, Oct. 31 (By B.C. Bond)—International Paper is reported to supply its publications with newsprint at the low new price of 45¢ a ton.

Price Brothers are offering paper consumers a new form of contract, on a cost-plus basis.

It is felt that some of the smaller companies may experience considerable difficulties under the new price schedule of 55¢ a ton set by International. This price will likely have to be met by all other producers.

The paper situation is very weak and there is doubt in some quarters yet as to whether paper stocks are yet a buy.

NEW NICKEL STOCK TRADING TO START

Montreal, Oct. 31 (By B.C. Bond)—It is believed that trading in new International Nickel shares on a when-issued basis may commence in the near future and an active market is expected. These shares will probably receive aggressive sponsorship and holding of International Nickel in anticipation of better prices when trading in the new stock begins is expected.

Montreal, Oct. 31—The Montreal Star says: "The street pins a good deal of faith in the future performance of Nickel and the price enjoyed a good advance yesterday following the announcement after a board meeting in New York that the directors had formally passed upon the merger project. It is felt that it will not be very long before the market will be trading in the split shares and one of the chief topics of conversation in the street is what level the stock is likely to sell on the changed basis."

"The present price suggests a level of over 30 for the new stock; it is suggested to begin with. Owing to the fact that the company is in a constructive stage and everything points to a marked expansion and higher profits, some extraordinary high estimates are heard of what the stock may do in the future."

Mrs. Annie Chubb, aged sixty-three, of Kentish Town, London, is the only working woman blacksmith in England.

The aeroplane route between London and Paris is patronized more by women than it is by men.

Famous Recipe For Stopping a Severe Cough

You'll be pleasantly surprised when you make up this simple home remedy and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief.

Get 2 1/2 ounces of Pinex from any druggist. Pour this into a 16 oz. bottle; then fill it with plain granulated sugar syrup or strained honey. The 10 ounces thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It keeps perfectly and children love its pleasant taste.

This simple remedy has a remarkable three-fold action. It goes right to the seat of trouble, soothes away the inflammation, and loosens the germ-laden phlegm. At the same time, it is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps inwardly to throw off the whole trouble with surprising ease.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

'PLEASANT SURPRISE' COMING FOR HOLDERS OF GENERAL MOTORS

New York, Oct. 31 (By Branson, Brown)—Alfred P. Sloan Jr., president of General Motors, arriving on the Olympic, said the company would establish a record-breaking year and that earnings would approximate \$26 a common share. He was non-committal as to the action of the directors at the meeting on November 8, except to say the stockholders would receive something of a pleasant surprise.

Plan does not contemplate any re-

NEWS IN BRIEF

All Saints Day—To-morrow being All Saints Day there will be a short service at St. John's Church at 10.30 a.m.

Succeeding P. H. Hall, who has resigned, Col. James Scroggie has been elected managing secretary of the Pacific Club. He will take up his duties to-morrow.

Thursday being All Saints Day there will be two celebrations of Holy Communion at St. Mary's Church, Oak Bay, at 8 a.m. and 10.30 a.m. Masses will be said at 10 a.m.

Joseph Rose, registered optometrist, will give another of his popular lectures on care of the eye on radio CFCF at 8.45 o'clock this evening. His talk will be "A Suggestion."

W. G. Gamble, Grand Master of the Orange Association, will address the members of the order on Saturday evening next, November 3, at 8 o'clock, in the Orange Hall, Courtney Street.

Joseph Haig, charged with damaging plate glass on an automobile belonging to George Mason, was remanded in City Police Court until to-morrow. The defendant asked time to secure counsel.

Business concerning headquarters for the club will be discussed at a meeting of the Naval Veterans in the clubrooms of the Britannia Hotel on the Canadian Legion, on Friday night at 8 o'clock.

A further reservation of sentence in the case of George Sadler and Wm. Littlejohn was taken by Magistrate George Jay in City Police Court this morning. The two yesterday pleaded guilty to charges of theft.

Mabel Driver and Ernest Haeg, charged with keeping her for sale on premises at 3156 Carrall Street, were remanded in City Police Court this morning until November 7, upon request of their counsel, R. C. Lowe.

"Foreign Criticism of American Property" is the subject chosen by H. F. Angus, M.A., for his address to be given before the University Extension Association to-morrow evening in Victoria College at 8.15 o'clock.

The Victoria branch of the Engineering Institute of Canada last night listened to an interesting address by A. H. L. Somerville, resident engineer for the Panama Pacific Grain Terminals Ltd. elevator at Ogden Point. Mr. Somerville recently showed a number of the members over the structure.

Mrs. Sidney Child had her car, an Oakland sedan, license number 190, stolen from outside the Capitol Theatre on Monday evening. No trace has yet been found of it, and in the fear that the thief or thieves may have abandoned it, she asks that anyone noticing such a car communicate with her at telephone 10933, or with the police.

Parcel post mails for South Africa will be dispatched from Montreal direct to Cape Town on November 10 on the S. C. Calgary, the steamer being due at its destination about one month later. To connect with this sailing parcels should be mailed from this city not later than Saturday, November 3. After November 3 Christmas parcels for South Africa will have to be sent via England, necessitating considerably higher rates of postage.

Parcel post rates to the Union of South Africa are eighteen cents by the direct route and thirty cents a pound via England.

OBITUARY

There passed away yesterday after a short illness at the Royal Jubilee Hospital, Charles Henry Palmer. The late Mr. Palmer was born in Somerset, England, seventy-three years ago, and had been a resident in this city for the last forty years. He leaves to mourn his loss one brother, Samuel Ernest Palmer of Victoria. Funeral services will be held to-morrow afternoon at 2 o'clock from the S. J. Curry & Son Funeral Home. Interment will be made in Ross Bay Cemetery.

Funeral services were held at the Sands Funeral Chapel this afternoon over the infant daughter of Mr. and Mrs. E. Fine of 826 Columbia Avenue, who died yesterday at St. Joseph's Hospital, aged one month.

The remains of the late Harry Milton Wilson, who passed away very suddenly at the family residence, 1413 Denman Street, Tuesday morning, are resting at the Thomson Funeral Home, 1625 Quadra Street. On Saturday morning they will be conveyed to his late residence where funeral service will be conducted at 2 o'clock by the Rev. P. T. Tapscott, after which the remains will be laid to rest in the family plot in Ross Bay Cemetery.

Funeral service will be held at the Thomson Funeral Home, 1625 Quadra Street, to-morrow afternoon at 2 o'clock for the late Samuel Varnell, who passed away October 21 at the Royal Jubilee Hospital. Rev. F. H. Patt will officiate, and the remains will be laid to rest in the Royal Oak Burial Park.

Herbert Baker of 140 Beach Drive died yesterday at the Jubilee Hospital at the age of sixty-eight years. He was born in Shirley, Hampshire, England, and has been a resident in British Columbia for twenty years. His remains are now at Hayward's B.C. Funeral Chapel, where services will be held to-morrow afternoon at 2 o'clock, Rev. A. de B. Owen officiating. Interment will be in the family plot at Ross Bay Cemetery.

Chicago Man Urges Canada And U.S. Free Trade

Ottawa, Oct. 31—Free trade between Canada and the United States is a factor contributing to the economic well-being of the two countries and as an economic stimulant was advocated by E. C. Stedman, vice-president of the Celotex Manufacturing Company of Chicago, before the Tariff Advisory Board of Canada here to-day.

The suggested change in tariff relations came from a debate upon a reference seeking entry of the company's product, an insulating material at a lower duty.

Movietone Sweeping Country Say Camera Men In City To-day

Newsreel Men of Fox Movietone Company Bring First "Talking" Camera to City; Revolutionizing Movie World, Says Eric Mayell, Seattle Representative; Refuses "Interview"

News reel work carries with it plenty of excitement and adventure but the new "movietone" cameramen find their assignments considerably more difficult than those their brother "silent" cameramen, according to Eric Mayell of the Fox Movietone Corporation, who is in the city to-day.

Mr. Mayell yesterday brought into Canada probably for the first time apparatus for recording "talking" newsreels. With Paul Halsey, his technical man, Mr. Mayell came over from Seattle on a special assignment to "get" Sir Austen Chamberlain on the movietone.

But the great English statesman, adhering strictly to his policy of giving no interviews, while on his holiday, refused to talk for the "movietone." He was filmed on the "silent" reel at Government House yesterday afternoon, however.

BIG DIFFICULTY

Therein lies one of the greatest difficulties which the movietone camera man faces, according to Mr. Mayell. With the ordinary newsreel camera, a shot can be taken almost any time without disturbing the subject to any great extent but with the "talkie" relevant remarks and a rush of noises in a crowd might spoil the picture. It is necessary to set up a microphone near the subject of the picture.

The movietone men were engaged this afternoon, prior to their departure for Seattle, with an attempt to film "the beer" of Victoria. It was their object to procure one of the city's old-time mariners in a romantic "story telling" pose utilizing some of the local "brew" for atmosphere.

GROWING FAST

The "talkies" have been greatly acclaimed wherever they have appeared. Mr. Mayell declares. There are some 800 theatres in the United States now equipped with apparatus for displaying them and the number is growing every day.

One thing the "talkie" has done is to place the newsreel on the programme as a feature, Mr. Mayell pointed out. Newsreels have been once used as an interlude between the feature offerings in theatres while the crowd changed, are under the "talkie" system, generally applauded. The atmosphere, surrounding exciting stunts or even through a camera interview with an important personage is brought out in a way that is far more effective than the newsreel extraordinarily interesting.

PERSONALITY

Herbert Hoover and Al Smith, U.S. candidates for the presidency, have appeared on the movietone and whereas their appearances on the screen would previously have been limited to a few seconds with the aid of the "talkies," their screen interview lasts for perhaps two or three minutes and the audience enjoys it, says Mr. Mayell.

The "talkie" of George Bernard Shaw, recently taken in England, has caused a small sensation in New York, said Mr. Mayell, and has been showing considerable popularity in the United States. Renowned in the press and literature, the "great" Shaw is not known personally to the audience the man himself.

HOW IT WORKS

There is no gramophone or device of that nature connected with the "talkies," however. Mr. Mayell explained the working of the movietone camera to a group of local newspaper men, who were connected by a microphone, connected by a hundred-foot wire with the camera, records the voice of the subject and the sound, transmitted to electric amplifiers and then goes through a special tube, and is impinged upon the photographic film. In reproducing the sound, an opposite process is used and the voice thus comes out instantaneously with the photographic reproduction of the movements.

The Fox movietone apparatus is carried in specially equipped automobiles, of which there are now about twenty-five in operation in different parts of the world. The amplifier and better-tees with a special motor are contained in the truck and are connected with the movie apparatus by wires. Rubber padding and careful construction eliminate vibration and prevent un-called-for noises entering the film.

HEAVY APPARATUS

Another difficulty with the movietone operator must contend with is the size of his apparatus. Whereas the "silent" newsreel camera weighs about fifty pounds and only needs a good strong arm to pack around, the movietone camera tips the scales at something in the neighborhood of 160 pounds, and is no small parcel to be set up in one place and another on a minute's notice.

Hollywood has been more or less thrown into confusion since the introduction of the "talkie," says Mr. Mayell.

"Education schools are more numerous than bootleggers, now," he remarked.

There has been one of the reasons for a "talkie" taken by some of the movie stars. Their voices are not all suited to their appearances.

HERE TO STAY

Nevertheless the "talkies" are here to stay, thinks Mr. Mayell.

"After one sees and hears the movietone, the audiences are not really satisfied with the 'silent' film," he said.

Although it would be supposed the elimination of sub-titles would tend to make the films shorter, the case is rather the reverse, according to Mr. Mayell. Scenes which would be filmed on and off in a few seconds in the "silent" reel can be extended to several minutes in the "talkies" owing to the continuous interest through the voices.

ENGLISH CHANCES

Mr. Mayell forecasts a great advance in English picture production through the medium of the "talkies." English

FORT-BROAD CORNER SELLS FOR \$100,000

R. F. Castle Will Reconstruct Building With Persian Marble Exterior

R. F. Castle to-day bought the old Copas & Young-Royal Hotel, corner of Fort and Broad Street.

The price paid was at the rate of \$1,200 a foot for the Fort Street frontage of eighty-eight feet. The depth on Broad Street is ninety-five feet.

This brings the price paid for the corner to \$100,000 and makes to-day's deal the largest consummated since the Metropolitan Chain Stores of New York bought the Brunswick Hotel corner of Douglas and Yates Street.

START WORK ON DECEMBER 1

The whole corner will be reconstructed by Mr. Castle under plans being prepared by Percy Fox, architect.

Notices were served on all present tenants at noon to-day requiring them to vacate before the end of November, when reconstruction of the property will commence. The new structure will be completed by February.

The building, two stories in height, will be finished in Persian marble. There will be eight stores on the ground floor. The windows and entrance of all entrances will be designed in the modern Fifth Avenue art style. Steam heat will be introduced through the building.

The Fort-Broad corner will be made into a brokerage office which will be occupied by R. F. Castle and Company. This will have leased wires to Vancouver, Toronto and Montreal markets and carry a direct New York Stock Exchange ticker.

The corner is one of the historic corners of Victoria and was one of the district in this part of the city to be adorned with a two-story building.

WAS MEMBER OF PIONEER FAMILY

Miss Mary A. MacLachlan, Native Daughter, Dies

Miss Mary Alberta MacLachlan of 224 Kingston Street passed away last evening at St. Joseph's Hospital, where she had been confined for several weeks.

The late Miss MacLachlan was born in this city thirty-four years ago, the younger daughter of the late William and Elizabeth MacLachlan and the granddaughter of the late Captain John Christensen, the pioneer mariner of the North Pacific waters. She was a graduate of St. Ann's Academy, Victoria.

Besides her sister, Miss Elsie MacLachlan, two brothers, Jack and Andrew, an aunt, Mrs. J. Watson and an uncle, Mr. J. Watson, survive. The funeral service will be held at the B.C. Funeral Parlors, Friday at 2 o'clock. Rev. Dr. W. G. Wilson of the First United Church will officiate. Interment will be in the family plot at Ross Bay Cemetery.

Annual Banquet Of W.B.A. Review Was Enjoyable

The first annual banquet of Queen Alexandra Review, No. 1, W.B.A., was held on Monday evening in the K. of C. Hall, with a splendid attendance of members and guests.

The banquet was presided over by Mrs. Ritchie, who acted as toast mistress. The following toasts were given: "The King," response, "O Canada," "Our Association," proposed by Mrs. Veitch, response by Mrs. McAllister; "Our Supreme Officers," proposed by Mrs. Harrison, response by Mrs. F. W. Laing. Greetings were received from Mrs. Baker, supervising officer, who was unable to be present. A night letter was sent to Miss West, supreme president, conveying greetings from all present.

Vocal solos by Miss Charlebois, accompanied by her sister, were much enjoyed. Pleading recitations by little Christine Schmeis completed the programme, after which the evening was spent in musical games and dancing, music being supplied by Mrs. Schmeis.

Saanich Blaze Attracts Crowd

In a blaze which lit up the whole countryside and attracted several residents of the city, fire last night destroyed a small shack on Burnside Road, near Colquhoun, owned by William Rowland of Carey Road.

The building had been occupied by Chinese, but was not in use at the time of the fire, the cause of which had not been ascertained. The loss is set at about \$100.

CONFISCATION PROCEDURE IS UNDER PROTEST

Liquor Laden Car Not Legally Seized, Stuart Henderson Argues

Earlier Sentence Pleaded as Bar to Confiscation, When Accused Absent

Because confiscation of an automobile was not announced at the time Charles Cronk was sentenced to fine or imprisonment on a charge of having unsealed liquor in his possession, Magistrate Jay was without jurisdiction to later confiscate the car, Stuart Henderson this morning argued in Supreme Court Chambers, when Mr. Justice Morrison was hearing an application to set aside the conviction.

Cronk was arrested on the night of September 22, near the Four Mile House, by officers of the Provincial Police. Five bottles of unsealed liquor was found in his car. At police court proceedings on September 28 Cronk pleaded guilty to possession and was fined \$75 or a term in jail.

Subsequently, parties interested in the automobile were notified and at a hearing on October 15 the car was confiscated, the parties claiming title to the car being first heard.

Mr. Henderson argued that when Cronk paid his fine and walked out of jail he had paid in full for the conviction. Subsequent proceedings were improper. "The prosecution wanted the car and they were going to have it, no matter what steps they had to take to get it," he alleged.

Judgment was reserved until to-morrow, when two other cases arising from the same series of Provincial Police raids will be reviewed.

AIRWAYS BODY MEETS FRIDAY

Announcement of Aerial Plans Expected Shortly; Ground Course

Although various matters in connection with the former service have yet to be straightened out, it is expected an announcement will be made by the B.C. Airways Limited shortly on their plans for future operation of aerial services out of Victoria.

A meeting of the directors of the company will be held on Friday, it was announced to-day and some decision may be reached at this gathering.

GROUND TRAINING

The company will next Tuesday recommence their winter "ground" training course for pilots. This course was carried out with considerable success last year and several youths who enrolled became quite expert in handling planes.

BONDHOLDERS LOSE HEAVILY

(Continued from page 1)

tee Company by false pretences. J. W. R. Cole was also taken into custody on warrant charging him with theft of \$1,500 from the Manufacturers' Finance Corporation.

ORGANIZED IN 1923

The Manufacturers' Finance Corporation was organized in 1923 to handle the sales of pianos, radios and automobiles.

The company absorbed the Brantford Finance Corporation, the Dominion Finance Corporation and the Bankers' Discount Corporation of Canada. Since the liquidation proceedings were commenced a statement issued showed the liabilities of the corporation amounted to \$2,137,000 and the assets to \$275,000.

It is understood the principal business of the corporation was a connection with the sale of customers' notes given to piano dealers.

From present indications, there are several thousand pianos out on notes, which will have to be repurchased by the liquidators, said The Telegram to-day.

INSURANCE FAILURE

It is stated the repudiation of the corporation's note insurance, estimated at \$1,500,000, represents the heaviest loss to the corporation. The insurance companies claim they did not receive notice of note renewals.

VERDICT SOON AT PERJURY TRIAL

(Continued from page 1)

once to meet Cassia's sworn statement that the Mayor was there twice. On one branch the prosecution had failed to prove its case, instructed Justice Murphy. That related to Cassia's statement that he "took six bottles of Chianti wine" to Celona's house. Although Celona denied this, Celona's evidence was not corroborated, said the judge.

ADDRESS TO JURY

Vancouver, Oct. 31—Following rebuttal evidence given by Mayor Louis D. Taylor of Vancouver, G. S. McDermott, K.C., defending Frank Cassia on a perjury charge in the assize court here, half yesterday afternoon and had not finished when an adjournment was taken until 10.30 o'clock this forenoon.

ENGLISH RUGBY

Taxpayers to Shoulder Big Cost Under Relief Plans For B.C. Farmers

Large sums will be transferred from the shoulders of land holders to the treasury of British Columbia as a result of policies foreshadowed by the Government this week in dealing with the Sumas reclamation scheme and the South Okanagan irrigation area.

This transfer of indebtedness from owners of land in the two areas to provincial taxpayers will be the net effect of the Government's plan to scale down reclamation charges at Sumas and irrigation charges in the Oliver district. Every dollar of relief to the present and future land holders in the two areas, will have to be paid by the general body of taxpayers.

Probably the cost of this new policy to the treasury will run into millions as relief already being granted to the Sumas area under the policy of the former government will cost about \$750,000, and the new scheme will be in addition to that. And to effectively alter conditions for the Oliver settlers, a reduction in irrigation charges amounting to something over \$1,000,000 would have to be granted.

BIG TRANSFER EXPECTED
It seems certain, therefore, that the Province will have to take over indebtedness of at least \$2,000,000 and possibly much more under the new programme. Any amount so contracted by the treasury will add to the debt of the Province. This fact, together

with the Government's plans for spending large sums on roads and buildings and in keeping the Pacific Great Eastern Railway in good physical condition make it difficult to understand how the provincial debt can be kept down to its present level. The present government, which in opposition bitterly assailed the former government for increasing the provincial debt and indicated that no increase would be allowed under a Conservative ministry. How such an increase, and on a large scale, can be prevented under the new Government's programme has not been explained.

MUST CUT CHARGES
Announcement that the Government planned to reduce the charges against the Sumas area was made by Attorney-General Pooley in a recent speech, and yesterday Hon. F. P. Burden, Minister of Lands, declared that the irrigation charges against the South Okanagan settlement would have to be scaled downward.
"The area is developing, but the settlers have no real chance under present land charges," Mr. Burden said. "Some relief should be granted to them, I believe, and the whole question is under review now. Another big problem there is marketing. I saw huge fields of cantaloupes rotting on the ground because they could not be sold. The marketing problem must be solved before the settlement can be the success it deserves to be."

Plan \$30,000,000 Lumber Merger

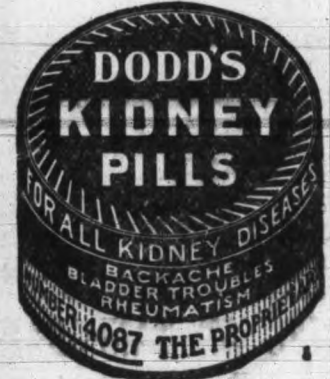

Kansas City, Oct. 31.—Rumor of a proposed merger of five lumber companies involving approximately \$30,000,000 was confirmed here to-night by R. L. Jurden, president of the Penrod-Jurden Lumber Company of Memphis, Tenn.
When questioned, Mr. Jurden admitted negotiations were being made by officials of the five companies and that the deal probably would be consummated Wednesday in Chicago.
The companies involved, Mr. Jurden said, are the Chicago Mill and Lumber Company, the Penrod-Jurden Lumber Company, Memphis, Tenn.; the Arkan-

sas Oak Flooring Company, Pine Bluff, Ark.; the R. J. Darnell Company, Memphis, and the Hudson Lumber and Flooring Company, Memphis.
Mr. Jurden said the companies in the merger owned an approximate total of one billion feet of standing timber in Arkansas, Mississippi and Tennessee.
W. L. Paepcke, now president of the Chicago Company, probably will be president of the new concern, Mr. Jurden said. The merged company, he said, would be known as the Chicago Hardwood Lumber Corporation.

MODERATOR ELECTED
Calgary, Oct. 31.—Rev. Peter McNabb of the North Hill Presbyterian Church, Calgary, was unanimously elected Moderator of the Presbyterian Synod of Alberta at the annual meeting here yesterday.

MANY FACE CHARGES
Pittsburg, Pa., Oct. 31.—Indictment of 252 persons on charges of violating the prohibition and gambling laws was recommended by the Allegheny County Grand Jury yesterday. Those named by the jury include two police lieutenants, four magistrates, an Alderman, two justices of the peace and several constables.

EMPIRE EXHIBITION
Cardiff, Wales, Oct. 31.—The British Empire Trade Exhibition was formally inaugurated here yesterday by Rt. Hon. L. C. M. S. Amery, Secretary for the Dominions. A special day has been set for each Dominion, on which the High Commissioner will broadcast messages. On November 1, Canadian Day, Premier King will send a message by short wave wireless from Ottawa, while Hon. J. Malcolm, Canadian Minister of Trade and Commerce, will speak over the transatlantic telephone.

DEEP SEA, COASTWISE SHIPPING, AND RAILROAD NEWS

CONTRACT LET FOR NEW SHIP FOR ATLANTIC

Huge Empress Liner Will Be Put in Service in 1931, C.P.R. President Announces

Will Be Named Empress of Britain and Will Have 40,000 Tons Gross Register

Montreal, Que., Oct. 31. — E. W. Beatty, president of the Canadian Pacific Railway, announced yesterday that a contract had been let for a first class vessel for service between Southampton and Quebec. This vessel, which will be built by John Brown and Company, Clydebank, will be 730 feet in length, 97 feet beam, about 40,000 tons gross register and with a sea speed of 24 knots, enabling the trip between Southampton and Quebec via Cherbourg to be made in five days. The vessel will be named Empress of Britain, and it is expected to take her place in service in the Spring of 1931.

While the new ship will not be of the mammoth type now being constructed in Great Britain and Germany for service between Britain and continental ports and New York, she will mark distinct advance both in size and speed over any ship heretofore put in service between Canadian and British ports. Her accommodation will be luxurious and she will be capable of carrying over 1,100 passengers in first, second and third class. In the opinion of the company's officers and designers, she will be an outstanding addition to the Canadian North Atlantic service.

LARGER THAN SCOTLAND

The new Empress will be 50 feet longer and 20 feet wider than the Empress of Scotland, which is now the largest vessel in the St. Lawrence service, and her tonnage of 40,000 gross, rates 15,000 tons more than that ship. Compared with the Duchess class of the Canadian Pacific the tonnage of the new Empress is exactly double.

Mr. Beatty's announcement confirms the opinion current for some time in shipping circles that the heavy ship-building programme carried on by the Canadian Pacific in the last two years would be rounded out by the addition of a new Empress for the Southampton-Cherbourg-Quebec service, although it was not anticipated that the new ship would be of such mammoth proportions.

HUGE PROGRAMME

Not for many years has such a programme as that which enters its last stages with the laying down of the

new Empress been carried out by one shipping company, there having been commenced and launched during the four years ending in the Spring of 1931 five super-cargo ships of the Beaver class, four 30,000-ton Duchesses, the Empress of Japan, now building for the Oriental service of the Canadian Pacific, and the Empress of Britain for the Atlantic. When these last mentioned ships are completed the Canadian Pacific will have a fleet with a tonnage of 465,307 in daily service two-thirds around the world.

Vancouver Ship Aground in Mud In Inner Harbor

Running around on the muddy bottom on a falling tide, the Vancouver tug Elaine rested on the sand in the inner harbor all night and was raised this morning with the rise of the tide.

While discharging oil at the Walker coal wharf on the Victoria West side of the harbor the Elaine got caught about 5 o'clock yesterday afternoon and, despite her own efforts to come off, was forced to remain there all night.

When employees of the Walker company arrived at work this morning the Elaine was gone, so it is surmised that she got off with the tide at about 6 o'clock this morning.

SEATTLE SHIPPING

Seattle, Oct. 31.—With increased demand for lumber from Japan and a lack of space on both conference and non-conference trans-Pacific lines, lumber shippers of this district are facing a situation which they declare is serious.

With no tramp-tonnage available and with other space all taken for November, shippers are facing a long wait with a rising market. Lumbermen said today. Two Seattle brokers said they have 10,000,000 feet of lumber for which they are unable to book for November parcel space. Other brokers had varying amounts which they were unable to move.

Some space will be available in December, but it was said that even then room will be scarce. The movement of wheat from the Pacific Coast to India and Australia was said to have been partially responsible for the dearth of tonnage with increased buying of lumber in Japan intensifying the lack.

RUTH DUE TO-MORROW

With 110 tons of general cargo from California ports, the new Empress of Britain will leave for the Pacific coast tomorrow morning. The ship is expected to dock at the Rithet piers here to-morrow evening between 10 and 11 o'clock from San Diego, Los Angeles and San Francisco. She left the Golden Gate yesterday afternoon at 5 o'clock, and with good weather should make this port on schedule time.

EIGHT LINERS OVER WEEK-END

Waterfront Men Will Have Busy Three Days With Big Passenger Ships

Saturday, Sunday and Monday will be busy days for waterfront men when eight deep sea passenger liners will tie up here, inbound and outbound. Although there have been a large number of freight vessels at the outer docks recently, it is ten days since a deep sea passenger ship tied up.

Saturday afternoon will see the departure of the American Mail liner President Lincoln and the Nippon Yusen Kaisha liner Iyo Maru for China and Japan. Both vessels are due here about the same time from Japan. The Iyo will tie up at Pier 1 Rithet Piers and the Lincoln will go to Pier 2. The Japanese vessel will put to sea first, it is expected to be followed shortly after by the larger liner.

Early Sunday morning the freighter Tokiwa Maru also of the N.Y.K. fleet is due here from China and Japan. She will tie up at the Rithet Piers about 7 o'clock in the morning. Bound for California ports the Pacific Steamship Company's liner Ruth Alexander will sail from this port at 9 o'clock.

Monday will possibly see four liners in port. The first arrival will be the American Mail liner President Madison from Japan, China and the Philippines Islands. She is due at the Rithet Piers about 7 o'clock.

Also expected to dock on Monday morning is the Furness Pacific liner Pacific Reliance with passengers and cargo from the United Kingdom. Outbound to the Orient the Osaka Shosen Kaisha liner Alabama Maru will sail from this port Monday afternoon.

Although not due until early Tuesday morning there is a possibility that the Arizona Maru of the same line will make port late Monday night from China and Japan with passengers and cargo for Victoria and Seattle.

Barges Floated Out of Drydock

After being in the Government Drydock at Esquimalt for the last few days, the log barges Bingham and Peruta of the Pacific (Coyle) Navigation Company were released yesterday afternoon. The barges resuming their regular trade on the West Coast of Vancouver Island and the Bingham being towed to the Fraser River, where she will become part of a floating breakwater.

The Bingham was gutted by fire in Kootika Sound last Summer and since then she has been at the bottom of Esquimalt Harbor. She was raised a short time ago and made seaworthy

for the trip to the Mainland. The tug Cape Scott towed her to the Fraser yesterday afternoon.

CANADIAN ROVER IN COURT CASE

C.N. Freighter Surrenders Herself to Release Heavy Bond Against Her

To place herself in custody of court authorities the Canadian National freighter Canadian Rover is now en route to San Francisco from Vancouver where she has been for the past few months receiving repairs after a collision early in September off the California coast.

This action on the part of the C.N. S.S. service will release the heavy bond against the ship. The action was taken because the bond, based on the amount demanded by the libel against the vessel, is greater than the value of the ship.

The Rover was libelled by the owners of the freighter Klamath which was damaged in collision with the Canadian ship during a dense fog off the Northern-California coast. The case is now in the courts and will not be settled for two or three weeks yet. Meanwhile the Rover will release the bond.

SAN FRANCISCO SHIPPING

San Francisco, Oct. 31.—Nine bids have been received by the United States Coast and Geodetic Survey for building a ninety-ton ship for surveying in Alaska waters. It was announced here today. The bids ranged from \$56,470 to \$93,708. The low bidder was the Albina Iron Works of Portland, Ore., whose figures ranged from \$56,470 to \$93,708, according to the type of engine desired. The vessel will be seventy feet long, and the contract will probably be awarded within a few days.

The I.S.S. Lexington, which arrived here early today, is to go to the Hunters Point drydock of the Bethlehem Shipbuilding Company to-morrow for cleaning and painting preparatory to making her speed trials. The Lexington has already undergone her sea trials, and will be ready to start her regular runs to-morrow.

After several weeks spent in Portland, Capt. John K. Bulger, supervising inspector of hulls and boilers, returned here today. He stated that he expects to leave in about a week for a business trip to the Hawaiian Islands.

OUTER WHARVES HAVE BUSY TIME

To load 500,000 feet of British Columbia lumber for the Japanese coast, the freighter Tyne Maru docked at the Rithet Piers here this morning at 7 o'clock. She will be here two or three days.

After loading lumber for the United Kingdom the Danish motorship Indien got away from the Ogden Point piers this morning at 3 o'clock.

Bound for Japan, the lumber carrier Bujo Maru left Ogden Point last evening at 9 o'clock after taking on 800,000 feet of lumber at this port. From Quebec and Montreal, the Canadian National freighter Canadian Importer docked at the Ogden Point piers last evening at 10:30 o'clock. She was expected to stay here until tomorrow early this afternoon, after discharging 150 tons of general cargo here.

Canadian Roads Announce Trips For Christmas

The Canadian Pacific and Canadian National Railways, through their local agents, E. P. Cheatham and C. P. Earle, announced today that special rates over their lines as far as Whistler would be given for those in the West who intend spending the Christmas season at their homes either on the prairies or in the middle section of the United States.

There are only four sale dates for these special excursion tickets, November 24, December 17, December 19 and December 20. The final return limit has been fixed at February 28. These special tickets will take passengers by way of Winnipeg to Chicago; Council Bluffs, Des Moines, Duluth, Milwaukee, St. City, Omaha, St. Louis and St. Paul.

Pacific Reliance Due Here Monday; Grove in Vancouver

With five passengers and about 160 tons of general cargo for this port, the Furness Pacific liner Pacific Reliance is expected to dock here from the United Kingdom by way of the Panama Canal and California ports next Monday, according to the present schedule in the hands of King Brothers, local agents.

The passengers for Victoria include

Mrs. M. C. Ridley and her two sons and J. B. Thompson and Mrs. Thompson.

The Reliance is scheduled to leave

San Francisco for this port on Friday and, with sixty hours to come up the coast, should make the Rithet piers here early Monday morning.

The Reliance left Manchester, her

last port of call in Europe, on October 3 and arrived at the Panama Canal on October 29. To-day she is at Los Angeles.

The Pacific Grove, which was badly

disabled by storms on the Atlantic during her passage from England and which was considerably delayed in California for repairs arrived in Vancouver on Monday. She will shift to Seattle and Tacoma to-morrow and commence loading for the return trip to the British Isles. She will sail from Los Angeles for Glasgow on October 17.

C.P.R. PLANNING B.C. EXTENSION

Survey of Kootenay Lake Route to Be Made Soon

Vancouver, Oct. 31.—A Kamloops special dispatch to The Vancouver Province yesterday stated: "It is understood that the C.P.R. will extend its present line from Proctor, on the West Arm of Kootenay Lake, to connect with Kootenay Landing at an early date. Survey of a proposed route along the lake shore has been completed, but engineers are now on the ground to make a final decision on the route to be utilized. It has been suggested the line will be constructed away from the lake shore and be extended southeasterly from Proctor. "Decision to close the gap between Proctor and Kootenay Landing is due to mining development in the Kootenay area. At the present time ore and concentrates shipped from Kimberley and other Kootenay points to the Trail smelter travel from Kootenay Landing to Proctor on car barges. The process of loading the cars on the barge, traveling up the lake and unloading at Proctor consumes much valuable time.

It is believed many hours can be

saved in the shipment of ore to Trail by an all-rail route. It is also believed an all-rail route from the prairies to Vancouver through the Crown's Nest Pass will result in greatly increased grain shipments to the British Columbia coast port over the Kettle Valley line.

JAPANESE MOTOR LINER LAUNCHED

Asama Maru Takes Water in Nagasaki With Traditional Pomp and Ceremony

First of Three Motorships For N.Y.K. California-Orient Service

With all the traditional pomp and ceremony of a Japanese launching the 16,500-ton passenger motor liner Asama Maru, the largest vessel ever built for the Japanese merchant marine, slid down the ways into the water at the Mitsubishi Dockyard at Nagasaki yesterday according to word received this morning by A. H. Hebb, local agent for the Nippon Yusen Kaisha Company. The launching ceremony was performed by Shinto priests and was attended by state and N.Y.K. officials.

FINE SHIP

When the Asama is completed she will be one of the finest vessels in operation on the Pacific and will have cost in the neighborhood of \$6,000,000. "It is understood that the ship for the San Francisco-Yokohama service of the company, the other two liners will be launched before next June. The other two ships are the Tatsuta Maru, now building at Nagasaki and the Chichibu Maru, building at Yokohama. The N.Y.K. will also let contracts for three new motor liners for the Seattle-Victoria-Orient service in 1929. The ship which was launched yesterday is expected to enter the California-Japan service early next year.

585 FEET

The Asama will be a quadruple screw motorship with an average speed of nineteen knots and an emergency speed of twenty-one knots. There will be eight cylinders to each engine which will give her 20,000 horsepower. The liner will have an overall length of 585 feet, a seventy-three-foot beam and a forty-foot depth.

PASSENGER SPACE

The new motor liner will be equipped with all devices known to marine engineering for safe and comfortable ocean travel. The passenger apartments have received special attention and besides luxurious lounges, drawing rooms, galleries and dining-rooms there will also be such features as a swimming pool, picture theatre and tennis and squash courts. Structural features have been included to eliminate vibration and special tanks have been installed to prevent rolling.

FOR THIS RUN

When the new motor liners are placed on the San Francisco-Yokohama service they will replace the Siberia Maru and the Korea Maru which will then be put on the Seattle-Victoria-Orient service.

CHAMBERLIN TO FLY

Milan, Italy, Oct. 31.—Clarence Chamberlin last night left here for Basel, Switzerland, whence he will fly to Southampton, where he will embark on the liner Leviathan November 2 for New York. He expressed great admiration for a seaplane of the type used by De Pinedo in his famous flights which he tested at the works near here.

Rheumatism Crippled English Girl

But Gin Pills soon brought relief

A stranger in a strange land, only nine months out from England and as of these a cripple with Rheumatism. No wonder Miss Florence Hallett was dependent. Written from Ottawa she sums up in a few sentences those dreary, painful months—three doctors, a foot specialist, a month in hospital, then work again when she "should have been in bed."

Gin Pills earn Miss Hallett's warmest praise. "I found an improvement after the first box," she declares gratefully. "I shall always keep your pills by me. I think they are wonderful."

The great value of Gin Pills lies in their soothing and tonic effect upon the kidneys. The pills they free sufferers from Rheumatism, Sciatica, Lumbago, etc., is wonderful. But these acute conditions should never be allowed to develop. Take Gin Pills the first time symptoms of trouble show themselves—backache, distension, spots before the eyes, swollen joints, headache, brick dust in urine, a burning sensation attendant on scanty or too frequent urination. 50c. a box at all druggists. National Drug & Chemical Co. of Canada Limited, Toronto, Canada.

CHURCH CONVENTION

Seattle, Oct. 31.—Directors of the Lutheran Columbia Synod, comprising the Augustana Lutheran Churches of Washington, Oregon, Idaho and British Columbia, have received an invitation to hold the annual convention next Spring in the new First Lutheran Church of Tacoma. The directors probably will accept the invitation.

ROBERT LANGSNER DIES IN THE U.S.

Former Secretary of State
Sixty-four Years Old This
Month

Washington, Oct. 31.—Robert Langsner, Secretary of State, died at his home here yesterday afternoon.

Several years ago Mr. Langsner suffered from diabetes, but after a course of treatment had apparently recovered his health. There had been no recent reports that he had been in ill health.

Robert Langsner, Secretary of State in President Wilson's cabinet from June 23, 1913, till February 13, 1920, held that office during one of the most stormy and trying periods of United States history. Appointed to fill the vacancy created by the resignation of Secretary William J. Bryan, he was confronted in turn, during his tenure of office, with the difficult problems arising from the position of the United States as a neutral power during the World War, the diplomatic activities of a belligerent nation, and the responsibilities of the ranking member, after President Wilson himself, of the United States Commission to negotiate peace at Paris.

RESIGNATION ASKED
The end of Mr. Langsner's term came dramatically in February, 1920, when President Wilson demanded his resignation on the ground that Mr. Langsner had usurped the Presidential authority by calling Cabinet meetings during Mr. Wilson's illness. The exchange of letters between Mr. Wilson and Mr. Langsner disclosed that for many months the President and his Secretary of State had not been in accord on foreign policy, and that the President demanded someone "whose mind," as the President wrote, "would more willingly go along with mine." It was recalled with the divergence of opinion had become pronounced during the Peace Conference in Paris. In testimony before the Senate Foreign Relations Committee, William C. Bullitt, an attaché of the State Department who headed a mission to Soviet Russia during the conference, declared Mr. Langsner had told him in Paris he did not agree with President Wilson in putting the covenant of the League of Nations and the Peace Treaty into one document. Mr. Langsner predicted, Bullitt read from his diary, that the treaty would fail if the people of the United States learned of its full import.

Further evidence of the strained relations between the President and his Secretary was seen in the failure of the President to confer with Mr. Langsner after his return from a nation-wide tour in October, 1919, although he saw other Cabinet officers and Government officials.

RELATIONS WITH MEXICO
The views of President Wilson and Secretary Langsner on the Mexican question also were at wide variance. A virtual ultimatum sent by Secretary Langsner to the Carranza Government in connection with the case of Consul W. O. Jenkins was repudiated by the President when the issue was crystallized by the introduction in the Senate of a resolution by Senator Fall requesting the President to sever diplomatic relations with Mexico.

An international lawyer by profession, Mr. Langsner spent all the active years of his life in a diplomatic atmosphere. His father-in-law, John W. Foster, was Secretary of State in President Harrison's Cabinet, the author of textbooks on international law and diplomatic usage, and Minister to China.

Mr. Langsner entered the State Department March 27, 1914, as counselor after having represented the Government on arbitration commissions almost continuously since 1892, when he was made associate counsel in the Berlin Sea Arbitration.

He was born at Watertown, N.Y., October 17, 1864, was graduated from Amherst College (A.B.) 1886, and was admitted to the bar in 1889, practicing law at Watertown three years.

Mr. Langsner was the author of "Government, Its Origin, Growth, and Form in the United States" and numerous diplomatic papers, as well as of songs, poems and several short stories.

Langsner Reports Progress in Work To Solve Small Mystery
Edmonton, Oct. 31.—Dr. Maximilian Langsner, Vienna criminologist, emphatically denies he ever set November 10 as the day on which he would announce the solution of the Ambrose Small mystery or that he ever set any exact date as was announced in a recent dispatch from Winnipeg.

"I absolutely deny ever having made such a statement," he declared. "I am not omnipotent. How could I possibly foretell the exact day on which I will obtain the final link in my chain of evidence?"

"Such absurd stories and forced publicity are the greatest problems I have been faced with while working on the Small case. Try as I will I cannot seem to avoid being made the centre of a sensational story."

Speaking of recent developments in the Toronto death mystery, Dr. Langsner stated he was in constant touch with his opponents and their reports showed slow but steady progress despite tremendous handicaps.

Since the commencement of his work on the Small case, Dr. Langsner has received several threatening letters from anonymous writers.

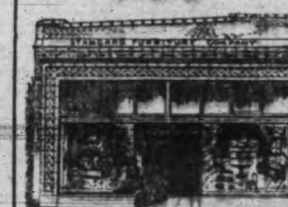

"They don't worry me," Dr. Langsner said with a smile. "I have been in many tight places before and I am still alive."

Ambrose Small disappeared nine years ago.

RICHARD HUDNUT DIES IN FRANCE
Nice, France, Oct. 31.—Richard Hudnut, former New York druggist, who became a millionaire through the manufacture of perfume, died last night at Chateau Juan at Juan les Pins, a resort near here. Mr. Hudnut owned a villa there and spent much of his time in recent years at it. He died of heart failure. He was sixty-six years old. The widow is the mother by a former marriage of Winifred Shaugnessy Hudnut, known on the stage as Natscha Rambova, who was the second wife of the late Rudolph Valentino.

Clothes should be hung up to dry in a near the position in which they are worn as possible.

Meat Prices Begin To Drop on Local Wholesale Market

Meat Prices Begin To Drop on Local Wholesale Market

For several weeks the price of beef and pork has remained steady at a high level on the local market, but a decrease in price set in to-day when beef and pork dropped one and two cents per pound respectively on the wholesale market. As yet the retail price for beef has been affected but a change is expected within the week.

Vancouver Island Transportation Co. Ltd.

Due November 1, 1943

TRUSTEE: ROYAL TRUST COMPANY, Victoria, B.C.

(Upon Completion of Present Financing)

The Trust Deed provided that after the issue of \$350,000 Debentures, presently to be outstanding, the balance of the Authorized Debentures may be issued from time to time, as the Directors may determine, for the acquisition of further equipment and properties, such additions being directly pledged under the Trust Deed securing this issue.

From a letter from J. S. H. Matson, Esq., below, we summarize:

SECURITY

These Debentures are secured by a specific First Mortgage on all the assets and property of the Company, now owned or hereinafter acquired. The Trust Deed provides that the Company may free from the lien thereof, sell or otherwise dispose of, any portion of its equipment on such terms as in its opinion will improve the position of the Company's business, provided that the consideration received by the Company from any such sale or other disposition shall form part of the specifically mortgaged equipment.

ASSETS

The Company own twenty-nine Motor Coaches and have on order seventeen of the most modern and luxurious type. It is fully supplied with all necessary equipment, tools, etc., and operates its own machine shop. In addition to which it is in possession of very favorable terminal leases and a franchise from the Corporation of the District of Saanich, dated June 25, 1928, and good for twenty years.

EARNINGS

The net earnings of the lines taken over, after ample deduction for depreciation, as certified to by W. B. Monteith, Esq., Chartered Accountant, have been at the rate of over \$55,000 per annum, or twice the interest requirements of this present issue.

PURPOSE OF ISSUE	
The proceeds of this issue of Debentures will be used in payment for the Lines acquired, to pay for new rolling stock now on order, and to supply adequate working capital.	

LETTER HEAD OF THE VANCOUVER ISLAND TRANSPORTATION COMPANY LIMITED
Victoria, B. C.

MESSRS. BRANSON BROWN & CO. LIMITED
Victoria, B. C.

October 31, 1928.

Referring to your purchase of \$350,000 Vancouver Island Transportation Co. Limited 7% fifteen-year Debentures, I have pleasure in giving you the following information:

THE COMPANY—Vancouver Island Transportation Co. Limited has been incorporated under the Laws of the Province of British Columbia, for the purpose of acquiring, improving and expanding eleven established Motor Bus lines operating out of the City of Victoria, together with equipment, Terminal leases and a valuable franchise. The lines taken over are: Lake Hill, Cordova Bay, Gordon Head, Deep Cove, Gorge, Red Line, Agnes and Marigold, West Saanich, Keating-Brentwood, and The Gray Line, operating between Victoria and Nanaimo and Victoria and Sidney.

The Company holds the exclusive franchise granted by the Corporation of the District of Saanich, dated June 25, 1928, as follows: "The Corporation in consideration of the premises and the agreements of the Second Party herein contained hereby grants unto the Second Party the exclusive right and authority for a full period of twenty (20) years from the date of this agreement and for any further or renewed periods which may be provided for under the terms of this agreement to operate vehicles for the carriage of passengers and to be used or ply for hire within the limits of the Corporation, and during such times no other person shall be granted or have any right to carry passengers or to ply for hire within the Municipal limits of the Corporation: Provided that nothing herein shall apply to the case of the hiring by a person or persons of a taxi cab or other vehicle for private uses, or to the plying for hire of a vehicle in any such case. . . . The Second Party may also operate vehicles for the transportation of express and freight during the period of this franchise hereunder."

† PURPOSE OF ISSUE—The proceeds of this issue of Debentures will be used in payment for the lines acquired, to pay for new Coaches now on order and to supply adequate working capital.

SECURITY AND ASSETS—These Debentures are secured by a specific First Mortgage on all the assets and property of the Company now owned or hereinafter acquired. There are no liens or incumbrances of any nature. The Company own twenty-nine motor coaches, and have on order seventeen of the most luxurious and up-to-date type, which will be paid for out of a part of the proceeds of this issue. In addition it has all the necessary equipment, tools, etc., and operates its own machine shop. The Company has made very advantageous arrangements with regard to Terminal facilities.

EARNINGS—The net earnings of the lines taken over, after ample deduction for depreciation, according to and as certified by W. B. Montieth, Esq., Chartered Accountant, have been at the rate of over \$55,000 per annum. It is confidently expected, however, with the addition of modern Coaches, with the economies which will occur in management and upkeep, and with the ever increasing tourist and local travel, that this figure will be doubled in 1929.

GENERAL—It is the intention of the Company to replace any rolling stock which is not modern and in first-class condition with new equipment. This will greatly improve the service to and from Victoria, and also reduce materially repair and replacement expense. The proceeds from the sale of any equipment, as provided by the Trust Deed, will be applied on the purchase of new equipment. The growth of this type of transportation has been extremely rapid throughout Canada. From a modest beginning in Victoria the business on the Island has extended coincident with the growth of population, the improvement in service and the growing popularity of this type of transportation. The climate of the Island makes it possible to keep to regular schedules the year round, a condition which does not apply to any other Province in the Dominion. The Company is strongly established and enjoys an ever increasing patronage which will expand with the advent of the new fleet of Motor Coaches now on order.

The Directors of the Company are:

C. L. H. BRANSON, ESQ.
R. T. ELLIOTT, ESQ.,
W. B. MONTEITH, ESQ.,
J. L. TAIT, ESQ.,
J. S. H. MATSON, ESQ.,

Yours faithfully,
J. S. H. MATSON.

We offer the above Debentures, when, as and if issued and received by us, and subject to the approval of all legal details by R. T. Elliott, of Messrs. Elliott, McLean & Shandley.

PRICE: 100 AND ACCRUED INTEREST

Carrying a Bonus of One Share of Common Stock With Each \$1,000.00 Debenture.

A TEMPTING DELIGHT

BAKER'S COCONUT

A Story of the Mystic East

The Riddle of Siwa

By DIXON KAYE

Author of "Dr. Buray's Greatest Case."

On their return to the upper part of the cave, they found a splendid dinner set forth for them in European style, in one of the luxurious rooms; to his surprise, Seymour saw the golden necks of two bottles of champagne protruding from an ice-pail; there were snipe and quail, and all the dainties which Egypt can produce for the wealthy. Those who are not wealthy have to be satisfied for the most part with tough chickens, first boiled and then roasted. But here there was every luxury, in profusion.

When Seymour had attacked the meats, consumed a large plateful of asparagus, and turned his attention to the luscious fruit, which seemed twice as good in the close atmosphere of the warm cave, he was ready to finish his meal with a draught of iced champagne. When you have smoked your cigarette and drunk your coffee and liqueur, Barham, the Sheikh remarked, "I should advise you to take a long rest and prepare for your camel ride. I had some thoughts of trying the journey in a motor car across the desert, but the difficulty was the supply of petrol. However, he ready at two o'clock."

He looked at his wrist watch. "It is now only a quarter to nine," he added. Within a few minutes Seymour, heavy with fatigue, was in deep sleep; the exertions of the day had tired him out. It was quite five hours after that the soft footfalls of the Arab attendants awoke him; they were laying out Arab suits for the journey. The forethought of Ibrahim had provided these knowing how impossible it was for such a journey to be made in European clothes.

The Prince, fully dressed in the Arab costume, was awaiting him, and in a few minutes Seymour, also dressed, stood by his side. "You will have a novel experience, Barham," the Prince said, "in our ascent to the surface of the desert. The exits of this cave are so well concealed that the ascent is really made up the shaft of a well; the last place in which an enemy would look for it."

Ibrahim awaited them in the hall, and led them to the foot of the exit, the false well, which was some distance from the living rooms at the end of the passage.

As they looked up the shaft, fully lighted by electricity, the top seemed to disappear and the bright stars became visible. This "top" was really a cistern of water placed there to deceive people looking down the well. In its place the men who were working the shaft, stung out a cage-like car and commenced to secure this by clamps to well-oiled rods. Then, provided with

electric lights, the car supported by its steel ropes, commenced rapidly to descend.

All three travellers took their seats, but the Prince sat with his head in his hands.

"I want to get back to my wife and children," he murmured. "I have been dreaming of them."

The car, however, soon reached the top of the well and they stepped out on to the veritable desert. The sky was full of brilliant stars twinkling as they only seem to twinkle in Egypt. The big round moon had just risen over the hills, and the desert looked like a rippling sea under its light.

A large caravan of richly caparisoned camels awaited them. Seymour realised that this journey was to be an affair of days and nights, and was to be made on the same scale of magnificence, if not greater, than he made with Osmán.

But, amidst all his sorrow for the loss of Eva, there was the satisfaction of knowing that he had accomplished his task in England, and was bringing the Prince back with him to testify to it. Then, too, he felt that, trusting in Ibrahim, he believed that they would soon see her again.

"We must mount and be off," announced Ibrahim, "or we shall be late on our journey."

As he spoke, the escort of about fifty camels joined the caravan, and divided into two parties, one an advance guard, which at once moved off, and the rear guard which remained behind.

Ibrahim gave the example and nimble climbed upon his camel, which was a very fine animal. The other two quickly followed his example.

They rode all night and saw the pink dawn breaking in the East; but it was not until the sun was up that they halted and breakfasted. Not a breakfast of coffee and rolls, but a substantial English breakfast of cutlets and Port Said soles, with veritable bacon and eggs for those who cared for it.

Either Ibrahim, or those behind him, whose resources appeared to be boundless, were determined that they should suffer no privation on their journey. Even liqueurs and cigarettes were served as usual.

Ibrahim gave the example and nimble climbed upon his camel, which was a very fine animal. The other two quickly followed his example.

latter replied, smiling, "and then we take to the road again, if you can call the desert a road."

"It seems to be a road that you know well," Seymour answered. "I have known it all my life," was the answer, "I was born in it."

"I see you men are armed with magazine rifles," the Englishman commented. "Have you given up faith in the old long guns?"

Ibrahim laughed. "No," answered Ibrahim, "but with a scarp is on out here in the desert, ten magazine rifles have considerable more effect than a hundred Arab guns, which, as a rule, only carry about a hundred yards. Of course, if they got nearer, the result would be different, but—then never do."

"Shall I see Eva to-day?" Seymour asked plaintively.

"No," answered Ibrahim, "but with sympathy, you will see her to-day, nor to-morrow, but you may see her the day after."

The Arabs were loading up the camels, with all the outfit which had been used at the luxurious meal, and regretfully Seymour rose from his cushions.

"It is just seven o'clock," announced Ibrahim, looking at his wrist watch. "We shall not halt again until it is time for tiffin. Then, when that is done, we will have a good rest and a long sleep, for we must travel by moonlight again."

"Why do you travel at night?" the Englishman asked.

"Because it is safer. News travels very fast in these desert wilds. We do not wish to bring parties of marauding brigands down upon our well-provided caravan."

So they mounted their camels again, and the patient animals, well fed, loped off across the desert once more.

It was with a sigh of relief that Seymour, with the burning hot sun pouring down upon him, dismounted from his camel and found shelter under a tent, with all the green silk which had been pitched.

In an incredibly short space of time, a superb luncheon was produced, preceded by the usual hors d'oeuvres, and in a very short time Seymour found himself eating salmon mayonnaise and drinking iced champagne!

"You must not be afraid to drink wine," Ibrahim urged; "out here in the desert the keen air uses up the vital forces of Europeans very quickly, and it behooves you to eat and drink well."

No complaint could have been made on this score with regard to the Englishman. When the salmon gave place to a curried chicken, his attentions left nothing to be desired. But even he had to come to a standstill while watching the sparse meals Ibrahim, and the Prince, who both ate little.

The former filled up Seymour's glass with champagne. "I do not drink wine," he said, "because my religion forbids it, and I have never acquired the taste for it, but with you it is different; you must take it for health's sake."

So when the inevitable coffee and cigarettes arrived, with liqueurs, and were duly disposed of, Seymour was ready to drop back among his cushions and fall into a long dreamless sleep.

CHAPTER XXVII

It must have been about eight o'clock when Seymour awoke; the mask had fallen and the Arab servants were moving about with lamps, preparing the evening meal. The young Englishman felt wonderfully refreshed and ready for the journey of the night.

But they did not start until the moon was up, and they travelled through the night as they had done before. All through the day their usual programme was adhered to, and after dinner and a long rest they waited the rising of the moon for the third night.

But when the moon broke on this occasion, it showed them something more than the bare desert.

Far away on the horizon, silhouetted against the crimson of the rising sun, was the outline of a great Pyramid.

"The Pyramid of Siwa!" cried Seymour joyfully. "We are at the end of our journey!"

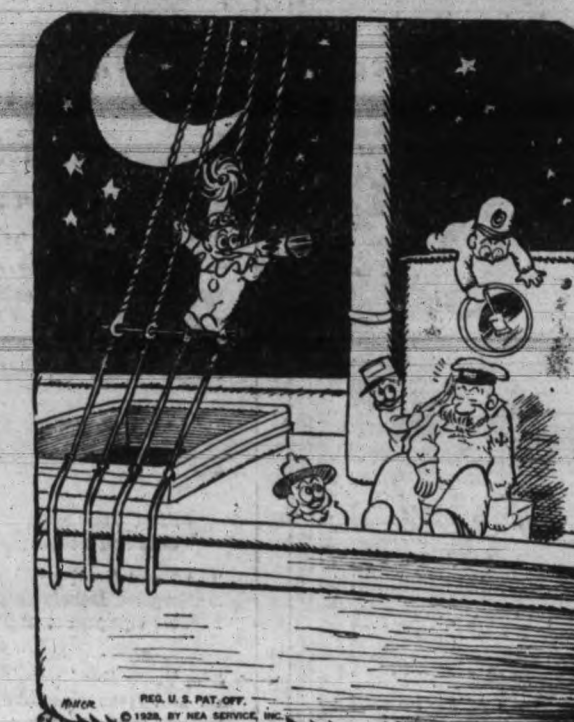

Ibrahim raised his arm in the approved modern fashion and turned to him, smiling. "Yes," he called across, "we are approaching Siwa."

As they slowly progressed in the ever-increasing light, all eyes were turned towards it; Seymour took a pair of field glasses from the saddle of the camel and surveyed it keenly.

To be continued

THE TINYMITES

STORY BY MAI COCHRAN—PICTURES BY KNICK

READ THE STORY. THEN COLOR THE PICTURE

The Tinymites all sat around till on the door there came a sound. "Hey, Tinymites, you'd better go to sleep," a loud voice said. "To stay up late is very wrong, so hop in bed where you belong." "All right," replied the Tinymites. When Clowzy woke at early morning, he tooted loudly on a horn. "Wake up," said he. "Tis Hallowe'en. Come on, let's have some fun. We've made nice things to do queer tricks. Wake up, you lazy Tinymites, it's time our sport's begun."

Then Clowzy jumped right out of bed. "Oh, you're all wrong," he sharply said. "We should not have our Hallowe'en until quite late to-night. When darkness spreads around the sky, and there is no bright sun on high, we'll turn loose on our funny pranks, and do them all up right."

Woe, Clowzy added, "Yes, he's right. We ought to wait until midnight. And Carpy, too, agreed that that was just the thing to do. So, through the day

they slept and ate. They found it rather hard to wait. At last the stars came peeping forth, up in the sky of blue.

"Let's go," cried Clowzy. "Don't be here. Now, first of all we'll sneak up near to Mister Captain's window. Then we'll give him quite a scare." Their tick-tacks o'er the window said, and then the Tinymites ran and hid. The captain jumped and shouted "What is going on out there?"

"It's us," said Clowzy. "Don't be mean. Remember, this is Hallowe'en. And then they scampered off to find another man to tease. "Ah, here's a sailor sleeping sound. With ticklers now let's gather 'round," said Clowzy. Then they tickled him until it made him sneeze.

Woe, Clowzy added, "Yes, he's right. We ought to wait until midnight. And Carpy, too, agreed that that was just the thing to do. So, through the day

"I'm going to make a gold fish come out of this!" He put his paw down inside the hat as he had seen the dog magician do. And felt around, but there was no goldfish in the hat. Neither was there a toy balloon, nor any lollypops.

"Turn it upside down," said Duster, "and maybe a pair of roller skates will fall out. I'd like a pair of skates."

So Buster did what his sister said, but not a thing came from the hat. Then Jingle, another little rabbit, said:

"Maybe you got to hit the hat with something to jiggle out what's in it. You hold it, Buster, and I'll beat it."

So Buster held the hat out and Jingle got the fireplace poker and hit the hat as hard as she could like Uncle Wiggily beating carrels.

"Is anything coming out?" asked Jingle.

"Not a thing," sadly answered Buster. "Then you got to do something else." And Clowzy, who was Buster's brother, said:

"Put the hat on the floor and jump on it hard. Whatever is inside will come out then."

So Buster set the hat on the floor with the hole in it next to the carpet and he got upon a chair. He wanted to make a good jump. Just then Uncle Wiggily opened the door and saw what was going to happen.

"Don't jump on my tall hat!" cried the rabbit uncle.

But he was too late. Down jumped Buster, right on top of the hat and it went flat and in platts and folds like an accordion. Uncle Wiggily groaned and said:

"My hat is ruined! But there was more to come. As no gold fish or balloons or lollypops had come out of the hat, as they did for the dog magician in the movies, Jingle took Buster's pop gun and shot a big cork from it right through Uncle Wiggily's hat as Jangle held it up to see if maybe there was a chocolate cake inside.

"Oh dear me!" cried Uncle Wiggily as he saw the ruins of his nice, tall, silk hat. The next time I take any little bunnies to show it, it won't be one about a magical tall hat." So he hid to buy a new one, for he couldn't wear the one that was creased and shot. But maybe he needed a new one anyhow. Let us hope so.

And if the kitchen sink doesn't go out to play tag and let the water splash all over the floor, I'll tell you about Uncle Wiggily and Baby Bunty's boots.

LORD ALLENBY HONORED
New York, Oct. 31.—Field Marshal Viscount Allenby of Great Britain received the honorary degree of Doctor of Laws from New York University yesterday.

Acids in Stomach
Cause Indigestion
Create Sourness, Gas and Pain.
How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial diets are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead eat from any drugist some Alkalized Maltin and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Alkalized Maltin (in powder or tablet form—never "liquid" or "milk") is harmless to the stomach, inexpensive to take and is the most efficient form of aid for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

THURSDAY, NOVEMBER 1

CFCT (73.3) Victoria, B.C.
8 a.m.—The morning market quotations from the B.C. Bond Corporation.

Pillow slips should be ironed lengthwise in order to get entirely rid of wrinkles.

SO MANY
HUSBANDS
DEPEND
ON ME

A fable for
British Columbia
Housewives

SHE saw them in her kitchen—a host of little men. A miller, a soap maker, a travelling salesman. A band of Lilliputians, each representing one local industry in which her fellow men and women are employed.

Back of each local product she saw ambitious families just like her own. That is why she enjoyed a sense of pride and loyalty every time she purchased the products of her fellow men. In every room in her house she saw the vision of the elfine workmen, for the arties of her home from attic to basement were the products of her home land.

There's a more to this story

Every time a housewife purchases a B. C. product, British Columbia husbands benefit. B. C. Industries are kept afloat by the products purchased by local housewives. Every woman who knows the prosperity of British Columbia husbands depends on their wives, asks first: "Is it made in B. C."

This is the sixth advertisement authorized by the B.C. Products Bureau of the Vancouver Board of Trade in the interests of the manufacturers of British Columbia.

BE PROUD TO BUY B.C. PRODUCTS

BOOTS AND HER BUDDIES—Just a Hint to the Wise

—By MARTIN

I'm going to make a gold fish come out!

was about a magical dog who could do all sorts of tricks. One of the tricks was to take a tall, silk hat, just like the one Uncle Wiggily wore and which he had used to gather cranberries, and that magical dog made the strangest things come out of the tall hat.

"And the funny part of it," said Duster after the show, "was that there wasn't a thing in the hat to start with! Not a thing!"

For so it seemed to the bunny children watching the magical movie. The dog performer held up the hat so they could see there was nothing in it, but right after that he put in his paw and pulled out a big red balloon. And then he pulled out a bunch of flowers and then some lollypops and then he pulled out a glass dish of water with a gold fish swimming in it.

"Why it's wonderful!" cried Duster. "Pooh! I can do that, too, when I get home," said Buster.

"Oh, you can't!" cried his sister Duster.

"Yes I can," he said when they were outside the movie show. "I'll take daddy's tall silk hat and make a lot of things come out of it."

Uncle Wiggily, who was taking the little bunnies back to the hollow stump bungalow, did not hear what they were saying, or he might have hid away his tall hat. But, as it was, he left it on the table in the front hall.

So later that afternoon, when all the other bunny boys and girls had come home from the Hollow Stump School, Buster got his father's tall, silk hat and, holding it up for all to see, said:

SIDE GLANCES—By George Clark

"Hear you've gone to work, Van."
"Yes. They give me my meals free to hang around here and give the place a Bohemian atmosphere."

To-morrow's Horoscope

Benefic aspects dominate to-day, according to astrologers, and conditions are promising for most activities on the planet Earth.

It is pre-eminently a day under which to look after one's financial affairs, and should be favorable for the collection of money.

Newspeople should benefit greatly from this configuration which seems to permeate extraordinary facts in journalism and many sensations.

Writers are well directed at this time which seems to be fortunate for dramatists and poets.

Neptune is in a place supposed to encourage clearness of vision and quick comprehension of public questions.

Much imagination may be experienced, however, in the American mind, which will be affected by too much oratory of a bombastic character.

OUR BOARDING HOUSE

MUTT AND JEFF—Mutt Springs Some Real Comedy

(Copyright, 1928, by H. C. Fisher. Trade Mark Reg. in Canada)

MUTT, IT'S VERY EMBARRASSING FOR ME TO HAVE TO ASK YOU, BUT I'M IN DESPERATE FINANCIAL CIRCUMSTANCES. I KNOW YOU'VE GOT A BIG CHUNK OF DOUGH. WILL YOU HAVE PITY AND HELP ME OUT?

WHAT WOULD YOU DO WITH A NICKEL IF I GAVE YOU ONE?

A NICKEL? I'D BUY A NEW OVERCOAT, AND PACK IN SOME SWEET EATS, AND PAY MY BACK ROOM-RENT, AND—

YES, YES, GO ON.

AND I'D BUY A CAR, AND A HOME IN THE SUBURBS, AND—

DITTO

KID, HERE'S A DIME! LIVE IN LUXURY THE REST OF YOUR LIFE!

Love"
